First National Bank of Farmington, Accounts No. 301518687 (\$7,500) and 301519225 (\$7,500)

Dear Sir/Madam:

This letter is to advise you that the New Mexico Oil Conservation Division has filed the enclosed application for a hearing requiring A.P.A. Development Inc. and other interested parties to appear and show cause why certain wells should not be ordered plugged and abandoned.

This application has been set for hearing before an Examiner of the Oil Conservation Division on February 17, 2000. You are not required to attend this hearing, but as an owner of an interest that may be affected by an order issued in this case, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.

Parties appearing in cases are required (Rule 1208.B—Enclosed) to file a Prehearing Statement three days in advance of the hearing. If you have any questions, please call Charlie Perrin or Frank Chavez at 505/334-6178 or Lyn Hebert at 505/827-1364.

Very truly yours,

CASE NO. 12345

APPLICATION FOR PLUGGING AND FORFEITURE OF BONDS

1. A.P.A. Development Inc. (the "Operator") is the operator of the following three wells:

Santa Fe Barbs Well No. 1 located 990 FSL and 500 FWL, Unit D, Sec.10-T21N-R10W;

Santa Fe-Leggs Well No. 1 located 990 FSL and 2310 FEL, Unit O, Sec.11-T21N-R10W;

Santa Fe-Leggs Well No. 2 located 990 FSL and 2310 FWL, Unit N, Sec. 11-T21N-R10W;

all three wells located in San Juan County, New Mexico.

2. Operator has posted two individual cash bonds in the amount of \$7,500 each for the Santa Fe Barbs Well No. 1 and the Santa Fe Leggs Well No. 2 in compliance with Section 70-2-14, NMSA 1978, and Division Rule 101, which bonds are conditioned upon compliance with

New Mexico statutes and Division Rules with respect to the proper plugging and abandonment of the wells operated by Operator. First National Bank of Farmington is the holder of the bonds, Bonds No.OCD-238 and OCD-246.

3. These wells (i) have not produced hydrocarbon or carbon dioxide substance or have otherwise been inactive for more than one year, or (ii) are no longer usable for beneficial purposes, and no permit for temporary abandonment has been requested by the Operator and approved by the Division.

4. By virtue of the failure to use the wells for beneficial purposes or to have approved current temporary abandonment permits, these wells are presumed to have been abandoned and are required to be plugged.

5. By authority of Section 70-2-14 NMSA 1978, Division Rules require wells which are inactive for more than one year or are no longer usable for beneficial purposes to be properly plugged.

6. Demand has been made or attempted to be made upon the Operator to either place the wells to beneficial use, obtain approval for temporary abandonment or properly plug and abandon the wells and the Operator has failed to do so.

WHEREFORE, the Division District III Supervisor applies to the Director to enter an order:

A. Requiring the Operator to plug the wells in accordance with a Division-approved plugging program.

B. If the Operator fails to plug and abandon the wells as ordered by the Director, authorizing the Director:

- i. to plug the wells;
- ii. to declare forfeiture of the bond, if any, and to take such action to foreclose on the bond;
- iii. to recover from the Operator any costs of plugging the wells in excess of the amount of the bond, if any; and
- iv. impose fines on the Operator for failure to plug the wells as ordered by the Division.

D. For such other relief as the Division deems just and proper.

RESPECTFULLY SUBMITTED,

RAND CARROLL
