Re: **Mayfly #4**  
**W/2 Section 14-T16S-R35E**  
**Lea County, NM**

Ladies and Gentlemen:

David H. Arrington Oil & Gas, Inc. ("Arrington"), PO Box 2071, Midland, Texas 79702, proposes to reenter the captioned wellbore for the purposes of deepening same to a depth sufficient to adequately test the lower Mississippian formation, anticipated total depth being approximately 12,100 feet. This well is proposed to be drilled at an unorthodox location being 371' FWL and 1651' FNL of the captioned section. The proposed spacing or proration unit will be W/2 of Section 14-T16S-R35E, Lea County, New Mexico.

Arrington respectfully requests your waiver to any objection to this unorthodox location. If you have no objection, please so indicate by signing one copy of this letter and returning same to my attention at PO Box 10187, Midland, Texas 79702.

We would appreciate your prompt response to this request, and should you have any questions or comments, we would welcome your call.

Yours very truly,

  
Dale Douglas, EPL

/dd

We hereby waive any objection to the above referenced unorthodox location this 22<sup>nd</sup> day of February, 2001.

CHESAPEAKE OPERATING, INC.
