NEW MEXICO ENVIRONMENT DEPARTMENT

CONSTRUCTION PROGRAMS BUREAU

PUBLIC COMMENT — MANAGEMENT AGENCY DESIGNATION, STATEWIDE WATER QUALITY MANAGEMENT PLAN UPDATE

The New Mexico Environment Department would like to receive public comment on the designation of the County of Dona Ana as a managerial agency for wastewater treatment and disposal in the County of Dona Ana. Designation as a management agency is a prerequisite for eligibility for construction funding under 603 (f) of the Federal Clean Water Act.

The Department will present its recommendation to the Water Quality Control Commission on May 8, 2001. The meeting will be at the Roundhouse in room 317 at 9:00 am. This recommendation will be in the form of a proposed update to Work Element 13, Designation of Management Agencies of the Statewide Water Quality Management Plan to identify/approve the appropriate management agency for the area under consideration.

Interested parties may obtain further information regarding the meeting and issues to be discussed by contacting Ronald Chavez, Construction Programs Bureau, at (505) 827-2817, NMED P.O. Box 26110 Santa Fe, NM 87502. Written comments may be submitted no later than May 2, 2001 to:

Haywood R. Martin, Chief
Construction Programs Bureau
P.O. Box 26110
Santa Fe, NM 87502
(505) 827-2797

Comments should be entitled as follows:
Comments regarding Management Agency Designation of the County of Dona Ana.

NEW MEXICO ENVIRONMENT DEPARTMENT

OFFICE OF GENERAL COUNSEL

NOTICE OF PUBLIC HEARING

The New Mexico Environment Department will hold a public hearing to consider proposed changes to 20 NMAC 1.4 – Environment Department Permit Procedures. The hearing will take place on May 4, 2001, at 10:00 a.m. in the State Capitol Building, Room 326, corner of Paseo de Peralta and Old Santa Fe Trail, Santa Fe, New Mexico.

The proponent of the regulatory change is the New Mexico Environment Department (NMED). NMED proposes to make minor revisions to its permitting procedures, 20

NMAC 1.4, to delete references to the Water Quality Act and the Water Quality Control Commission. The reason for these revisions is that the NMED rules conflict in certain respects with similar rules issued by the Water Quality Control Commission, resulting in considerable confusion, within NMED, the regulated community, and the general public, as to which rules should apply. Copies of the proposed changes may be obtained by contacting the Hearing Clerk, Ms. Carolyn Vigil at 1190 St. Francis Drive, Room N-4050, Santa Fe, New Mexico 87502, (505) 827-2855.

The hearing will be conducted in accordance with the Department of Environment Act, NMSA 1978 § 9-7A-6, and the procedural rules in 20 NMAC 1.1.400-405 will be used as guidance.

All interested persons will be given an opportunity at the hearing to submit relevant evidence, data, views, and arguments, orally or in writing, to introduce exhibits, and to examine witnesses. Persons desiring to present technical testimony must file a written notice of intent on or before April 24, 2001. The notice of intent shall:

- identify the party for whom the witness will testify;
- identify each technical witness the party intends to present and state the qualifications of that witness, including a description of their educational and work background;
- summarize or include a copy of the direct testimony of each technical witness and state the anticipated duration of the testimony;
- include the text of any recommended modifications to the proposed regulatory change; and
- list and describe, or attach, all exhibits anticipated to be offered by that person at the hearing.

Notices of intent must be filed in the office of the Hearing Clerk and should state the date and title of the hearing. Any person who wishes to submit a non-technical written statement in lieu of oral testimony may do so at or before the hearing.

If you are an individual with a disability and you require assistance or an auxiliary aid, e.g. sign language interpreter, to participate in any aspect of this process, please contact Mr. Cliff Hawley, Chief, Personnel Services Bureau, before April 20, 2001. Mr. Hawley can be reached at the New Mexico Environment Department, 1190 St. Francis Drive, Santa Fe, New Mexico, 87502, (505) 827-2844 (TDD or TDY users please access his number via the New Mexico Relay Network.) Albuquerque TDD users: (505) 275-7333; outside of Albuquerque: 1-800-659-1779.)
