Case No. 12,744 (*de novo*)

Order No. R-11700-B

OCEAN ENERGY, INC.'S APPLICATION FOR REHEARING
AND MOTION TO STAY ORDER

Pursuant to NMSA 1978 §70-2-25 and Division Rules 1220 and 1222, Ocean Energy, Inc. ("Ocean") requests that the Commission (a) rehear the above matter, and (b) stay the effectiveness of TMBR/Sharp Drilling, Inc.'s ("TMBR/Sharp") application for permit to drill ("APD") for a well in §25-16S-35E pending resolution of the pooling cases being heard by the Division on May 16, 2002, and in support thereof, states:

1. Ocean is a party of record adversely affected by the above order. The order is erroneous as noted below.

2. Ocean is protecting its rights:

Finding paragraph 37 of the order states that "Ocean isn't planning on preserving its rights by drilling a well itself, and hasn't applied for a permit to drill a well." That is incorrect.

When the rights of David H. Arrington Oil & Gas, Inc. ("Arrington") became an issue in January 2002, Ocean proposed a well in the NW¼ of Section 25. **Affidavit of Derold Maney, attached as Exhibit A, at paragraph 6.** It then followed up on its well proposal by filing a compulsory pooling application on February 26, 2002. **Id., at paragraph 10; Division Case No. 12841.**¹ Ocean's pooling case has been continued for 8 weeks, against Ocean's wishes, at the request of TMBR/Sharp.

Ocean also filed an APD for its well in the NW¼ of Section 25, which was not approved by the Hobbs District Office due the pending APD's issued to Arrington and TMBR/Sharp. **See Affidavit of Derold Maney at paragraphs 7, 9.** Under the requirements set forth by the Commission in its order, Ocean's APD should have been approved because Ocean owns an interest in the well unit, spacing is proper, etc. **Order No. R-11700-B, at Paragraphs 29, 33.**

Due to the foregoing, basing the Commission's decision on the erroneous claim that Ocean is not protecting its rights is improper.

3. Under the Commission's findings, Arrington had the right to drill, and its APD is valid:

The Commission stated that "any suggestion that the acreage dedication plat "pools" acreage is expressly disavowed." **Order No. R-11700-B at paragraph 34.** The summary judgment granted by the Lea County District Court is based upon the premise that an acreage

¹Ocean has also filed a pooling application, in Case No. 12860, for a well located in the SW¼ of Section 25, solely due to concerns raised by the Commission about Ocean's right to drill on another party's lease.

dedication plat pools acreage. The Form C-102 is a form promulgated by the Division and Commission under Rule 1102. A court should defer to an agency's expertise. **See Santa Fe Exploration Co. v. Oil Conservation Comm'n, 114 N.M. 103, 835 P.2d 819 (1992).** Therefore, TMBR/Sharp's claim to the NW¼ of Section 25 must fail, and Arrington's permit to drill must be approved.

4. Finally, the effectiveness of TMBR/Sharp's Section 25 APD should be stayed pending resolution of matters now before the Division. On May 16, 2002, the Division will hear pooling cases affecting all of Section 25. **See Case Nos. 12816 (N½ unit), 12840 (W½ unit), 12859 (E½ unit), and 12860 (W½ unit).** Until the pooling process has run its course, the effectiveness of TMBR/Sharp's permit to drill must be stayed. At the May 16th hearing, substantial geologic, geophysical, and other evidence will be presented to determine the proper unit orientation and how to develop Section 25. Such a decision will supersede any APD.

Moreover, as the Commission noted, an appeal of the Lea County District Court's decision could alter the Commission's own conclusion. **Order No. R-11700-B at paragraph 30.** If Arrington is successful on appeal, 100% of the working interest owners in the W½ of Section 25 desire a standup unit. To allow TMBR/Sharp's APD to remain effective during the appeal process could impair the rights of Ocean and Arrington.

WHEREFORE, Ocean requests that a rehearing be granted, and that the effectiveness of the TMBR/Sharp's APD be stayed until all matters are resolved by the Division and the Commission.

Respectfully submitted,

Derold Maney, being duly sworn upon his oath, deposes and states:

1. I am over the age of 18, and have personal knowledge of the matters stated herein.
2. I am a landman for Ocean Energy, Inc. ("Ocean").
3. Ocean obtained a farmout agreement in July 2001 covering 100% of the working interest in the SW¼ of Section 25, Township 16 South, Range 35 East, N.M.P.M., Lea County, New Mexico.
4. The farmout agreement requires a well to be commenced on the SW¼ of Section 25, or on lands pooled therewith, by July 1, 2002.
5. Since July 2001 Ocean has planned to drill a well, or cause a well to be drilled, in the W¼ of Section 25, Township 16 South, Range 35 East, N.M.P.M. Ocean had an agreement with David H. Arrington Oil & Gas, Inc. ("Arrington") for Arrington to drill the well.

6. When Arrington's right to operate was placed in dispute in January 2002, Ocean sent proposal letters to all interest owners in the W¼ of Section 25, for a well in the NW¼ of Section 25. Copies of the proposal letters are attached hereto as Exhibit 1.

7. Ocean also filed an Application for Permit to Drill for a well unit comprised of the W¼ of Section 25, a copy of which is attached hereto as Exhibit 2. The permit was verbally denied by the Hobbs District Office in April 2002.

8. Due to questions raised by the Division and the Commission over Ocean's right to drill a well located in the NW¼ of Section 25 (in which it owns no interest), Ocean sent proposal letters to all interest owners in the W¼ of Section 25, for a well in the SW¼ of Section 25. Copies of the proposal letters are attached hereto as Exhibit 3.

9. Ocean has also filed an Application for Permit to Drill for a well unit comprised of the W¼ of Section 25, with a well in the SW¼ thereof, a copy of which is attached hereto as Exhibit 4.

10. Ocean has filed compulsory pooling applications on both of its well proposals. Those cases are docketed as Case Nos. 12841 and 12860 before the Oil Conservation Division.
