Mike:

This is another one of the post hearing status reports I have received from the Artesia office re Case No. 12833. I am entering these on a spreadsheet as I receive them. When I get a proposed order prepared, I will have the spreadsheet checked by the District, and furnish you a copy with my proposed order. In other words, you need not be duplicating effort by attempting to keep a separate tally of these updates, unless, of course, you want to.
