Date

OIL CONSERVATION COMMISSION,

Santa Fe, New Mexico.

Gentlemen:

Following is a notice of intention to do certain work as described below at the

H. L. Williams

Well No. 3 in

Company or Operator

Lease

of Sec. 29, T. 18 N., R. 8 W., N. M. P. M., HOSPAN STRUCTURE Field,  
County.

## FULL DETAILS OF PROPOSED PLAN OF WORK

FOLLOW INSTRUCTIONS IN THE RULES AND REGULATIONS OF THE COMMISSION

We shall plug the well by putting a plug in the well and cement on top of the plug. We shall cement a steel marker on top of the surface four feet or over above ground level, unless other instructions are given us by The Oil Conservation Commission.

This is an application to pull the casing. The foregoing is simply a suggestion as to the method by which we believe the well should be plugged, as a part of the pulling of the casing. We are willing to be governed entirely by the desires of the Conservation Commission as to the manner in which the well should be plugged, or whether it should be plugged at all. The casing will be pulled by such method as may be deemed most advisable, unless the Conservation Commission shall furnish detailed instructions regarding the pulling of the same.

Approved \_\_\_\_\_, 19

Mr. M. Stiffler,  
Box 1107  
Borger, Texas.

RE: H.L. Williams Wells, Seven Lakes Area,  
Nos. 3 and 4. No. 3 located on Sec.  
29-18N-8W and No. 4 located on Sec.  
19-18N-8W, McKinley County.

Dear Mr. Stiffler:

In reply to your letter of February 28, with regard to the above captioned wells, it is suggested that you take the matter up direct with Mr. H.L. Williams, whose address is Prescott, Arizona.

The removal of the casing by salvage by parties in part represented by Mr. Rhoads of Borger, Texas, was a matter of hearing before the Commission a few years ago. The Commission denied Nipper and Finkelstein, applicants, permission to remove the casing from two of the H.L. Williams wells. The applicants then took the matter to the District Court at Gallup, and as I recall, was disposed of by the state upon demurrer. That being the last information in the writer's files upon the matter.

Very truly yours,

Ljd

Mr. Carl B. Livingston,  
State Land Office,  
Santa Fe, N. M.

Dear Mr. Livingston:

I would appreciate it very much if I could be mailed the exhibits in Oil Conservation Case No. 12 in which I am writing up the testimony. There were portions read from them and I need them for the spelling of names; in fact, when I am writing up a case I always keep the exhibits at hand for reference and I feel lost without them. I will take good care of them and return them with the transcript.

Hope Mrs. Masters was available immediately and that you are functioning again comfortably with some one to do your filing, etc., as well as the work I did for you.

Thanking you,

Sincerely,

*Jessie Blessum*
