TOWNSHIP 21 SOUTH, RANGE 37 EAST  
All of Section 17;  
SE/4 Section 18;  
NE/4 Section 19;  
all of Section 20

- (b) Extension of the Caudill-Devonian Pool  
to include:

TOWNSHIP 15 SOUTH, RANGE 36 EAST  
All of Section 21

- (c) Extension of the E-K Queen Pool to  
include:

TOWNSHIP 18 SOUTH, RANGE 34 EAST  
W/2 of Section 18;  
NW/4 Section 19

- (d) Extension of the Eumont Gas Pool to  
include:

TOWNSHIP 21 SOUTH, RANGE 35 EAST  
Lots 1, 2, 7, 8, 9, 10, 15 and 16 of

- (f) Extension of the Skaggs Pool to include:

TOWNSHIP 20 SOUTH, RANGE 38 EAST  
S/2 Section 6

Case No. 885

as advertised, occasioned by the drilling of two wells, the T. J. Sivley Fox Federal No. 1, completed as a Queen producer with the depth to the casing shoe at 4,373 feet and also another well, the J. Sivley Federal No. 19 - 1 in Section 19, Township 18 South, Range 34 East, also a Queen producer.

T. Range

In Case 885, Paragraph (d), extension to the Eumont Pool as advertised, to incorporate two wells. They are the Skelly Oil Company Mexico W No. 4, in Section 2, Township 21 South, Range 35 East, also the Wilson Oil Company, Eumont State No. 1 in Section 2, Township 21 South, Range 35 East, both producing from the vertical axis of the Eumont Gas Pool.

In Case 885, Paragraph (e), I recommend that the pool be extended as advertised, occasioned by the drilling of a well, the Westates Petroleum Corporation Carlson No. 1, B-1 in Section 1, Township 25 South, Range 37 East, producing in the Queen, top of the perforation is 3,340 feet.

Also in Case 885, Sub-Paragraph (f), to include the areas advertised in the Skaggs Pool, to include the Signal Oil and Gas Weir No. 1 in Section 6, Township 20 South, Range 38 East, and the Signal Oil and Gas Company Dan Glade No. 1 in Section 6, Township 20 South, Range 38 East; both being Grayburg producers.

I might also revert back to Case 885, Paragraph (d), this case has not been advertised, but it is contiguous to the Eumont Pool, therefore, I would like to extend the Eumont Pool to include all of Sections 5 and 6 in Township 21 South, Range 37 East. I might add that these are long sections and therefore, include the entire section. These sections are approximately a mile and a half long in the north and south direction. That is to include the Schermer-

horn Oil Corporation, Barney Curry Number 1, a gas well, producing from the vertical limits of the Eumont Pool in Section 5, Township 21 South, Range 37 East.

Q Have you shown that on your exhibit there?

A Yes, I have.

Q You have prepared Exhibits (a) through (f), incorporating the recommendations for extensions that you have made, is that right?

A Yes, sir.

EXHIBITS (Marked Commission's Staff Exhibits (a) through (f) inclusive, for identification.)

MR. KITTS: We offer in evidence Commission's Staff Exhibits (a) through (f), inclusive.

MR. MACEY: Without objection they will be received. I have one question pertaining to Paragraph (c). I just noticed that your recommendation includes the northwest quarter of Section 19. It is the only acreage in Section 19 that is included in the proposed extension and the well in Section 19 is located in the southwest portion. The location may be wrong on the exhibit. It is the same way on the proration schedule as being in the southwest quarter. That is the Sivley No. 1 Federal 19. We will include the west half of Section 18, Township 18 South, Range 34 East in the proposed extension.

A Yes, sir.

MR. MACEY: Without objection they will be received. Any questions of Mr. Stanley? If not the witness will be excused.

(Witness excused.)

MR. MACEY: We will take the case under advisement.
