April 25, 1955

Mr. W. B. Macey
New Mexico Oil Conservation Commission
P. O. Box 871
Santa Fe, New Mexico

Gentlemen:

We hereby request that the Commission set down for hearing at the next regular Market Demand date a hearing which should be upon the motion of the Commission since it involves nomenclature and all nomenclature cases are called by the Commission.

The area involved in this application should cover all or portions of Township 28 North, Ranges 8 and 9 West; Township 27 North, Ranges 8 and 9 West; Township 26 North, Ranges 8 and 9 West, and Township 25 North, Range 8 West.

This area should be considered by the Commission in connection with the creation and establishment of a new field insofar as the Pictured Cliffs production is concerned, or in connection with an extension of the present limits of the South Blanco Pictured Cliffs, Aztec Pictured Cliffs or Fulcher-Kutz Pictured Cliffs insofar as they apply to the area delineated in these seven townships. In this connection we believe the Commission should consider the modification, amendment and revision of Order No. R-577 and the subject matter of Case 864, paragraph (g).

The calling of the hearing on the part of the Commission upon its own motion for an order of nomenclature is not only in line with the present procedure but enables all operators interested in this area an opportunity to present to the Commission their recommendations as to how best delineate the Fulcher-Kutz Pictured Cliffs, Aztec Pictured Cliffs, South Blanco Pictured Cliffs, and the Ballard Pictured Cliffs, so that the Commission can properly issue such orders, rules and regulations as may be necessary upon facts that may be presented to it at the hearing.

Skelly Oil Company will be prepared to present testimony to the Commission to show that insofar as the Pictured Cliffs production in Sections 13, 14, 23, 24, 25, 26, Township 27 North, Range 9 West, Pictured Cliffs production in Sections 1, 2, 3, 4, 9, 10, 11, 12, 13, 14, 15, 16, 21, 22, 23, 24, in Township 26 North, Range 9 West and Pictured Cliffs production in Section 6, Township 26 North, Range 8 West, is of one pool and should not be placed in two separate pools.

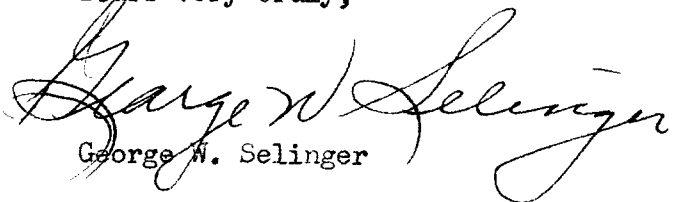

Mr. W. B. Macey

-2-

April 25, 1955

However, the scope of the hearing should be broad enough to permit the Commission, if it so desires, to either designate this as one separate pool or an extension of existing pools.

Yours very truly,

George W. Selinger

ALL MESSAGES TAKEN BY THIS COMPANY ARE SUBJECT TO THE FOLLOWING TERMS:

To guard against mistakes or delays, the sender of a message should order it repeated, that is, telegraphed back to the originating office for comparison. For this, one-half the unrepeat message rate is charged in addition. Unless otherwise indicated on its face, this is an unrepeat message and paid for as such, in consideration whereof it is agreed between the sender of the message and the Telegraph Company as follows:

1. The Telegraph Company shall not be liable for mistakes or delays in the transmission or delivery, or for non-delivery, of any message received for transmission at the unrepeat message rate beyond the sum of five hundred dollars; nor for mistakes or delays in the transmission or delivery, or for non-delivery, of any message received for transmission at the repeat message rate beyond the sum of five thousand dollars, unless specially valued; nor in any case for delays arising from unavoidable interruption in the working of its lines.
2. In any event the Telegraph Company shall not be liable for damages for mistakes or delays in the transmission or delivery, or for the non-delivery, of any message, whether caused by the negligence of its servants or otherwise, beyond the actual loss, not exceeding in any event the sum of five thousand dollars, at which amount the sender of each message represents that the message is valued, unless a greater value is stated in writing by the sender thereof at the time the message is tendered for transmission, and unless the repeat message rate is paid or agreed to be paid and an additional charge equal to one-tenth of one per cent of the amount by which such valuation shall exceed five thousand dollars.
3. The Telegraph Company is hereby made the agent of the sender, without liability, to forward this message over the lines of any other company when necessary to reach its destination.
4. Except as otherwise indicated in connection with the listing of individual places in the filed tariffs of the Telegraph Company, the amount paid for the transmission of a domestic telegram or an incoming cable or radio message covers its delivery within the following limits: in cities or towns of 5,000 or more inhabitants where the Telegraph Company has an office which, as shown by the filed tariffs of the Telegraph Company, is not operated through the agency of a railroad company, within two miles of any open main or branch office of the Telegraph Company; in cities or towns of 5,000 or more inhabitants where, as shown by the filed tariffs of the Telegraph Company, the telegraph service is performed through the agency of a railroad company, within one mile of the telegraph office; in cities or towns of less than 5,000 inhabitants in which an office of the Telegraph Company is located, within one-half mile of the telegraph office. Beyond the limits above specified the Telegraph Company does not undertake to make delivery but will endeavor to arrange for delivery as the agent of the sender, with the understanding that the sender authorizes the collection of any additional charge from the addressee and agrees to pay such additional charge if it is not collected from the addressee. There will be no additional charge for deliveries made by telephone within the corporate limits of any city or town in which an office of the Telegraph Company is located.
5. No responsibility attaches to the Telegraph Company concerning messages until the same are accepted at one of its transmitting offices; and if a message is sent to such office by one of the Telegraph Company's messengers, he acts for that purpose as the agent of the sender.
6. The Telegraph Company will not be liable for damages or statutory penalties when the claim is not presented in writing to the Telegraph Company, (a) within ninety days after the message is filed with the Telegraph Company for transmission in the case of a message between points within the United States (except in the case of an intrastate message in Texas) or between a point in the United States on the one hand and a point in Alaska, Canada, Mexico, or St. Pierre-Miquelon Islands on the other hand, or between a point in the United States and a ship at sea or in the air, (b) within 95 days after the cause of action, if any, shall have accrued in the case of an intrastate message in Texas, and (c) within 180 days after the message is filed with the Telegraph Company for transmission in the case of a message between a point in the United States and a foreign or overseas point other than the points specified above in this paragraph; provided, however, that this condition shall not apply to claims for damages or overcharges within the purview of Section 415 of the Communications Act of 1934, as amended.
7. It is agreed that in any action by the Telegraph Company to recover the tolls for any message or messages the prompt and correct transmission and delivery thereof shall be presumed, subject to rebuttal by competent evidence.
8. Special terms governing the transmission of messages according to their classes, as enumerated below, shall apply to messages in each of such respective classes in addition to all the foregoing terms.
9. No employee of the Telegraph Company is authorized to vary the foregoing.
