Dear Mr. Porter:

Attached are the return receipts for certified mail covering the mailing of our application for hearing in Case No. 1326.

All return receipts are enclosed except the one from the U. S. G. S. office in Artesia. We learned by telephone conversation this date that the application has been received by the U. S. G. S. but the mail service between Artesia and Midland is very slow and we possibly will not have the return receipt until Monday. We will have it at the hearing in Santa Fe on October 17.

Yours very truly,

SOUTHERN CALIFORNIA PETROLEUM CORP.

30 ROCKEFELLER PLAZA  
NEW YORK 20, N. Y.

October 16, 1957

The New Mexico Oil Conservation Commission  
Mabry Hall  
Santa Fe, New Mexico

Dear Sirs:

It is felt by the United States Potash Company Division of United States Borax & Chemical Corporation, that after careful consideration it does not appear advisable to deviate from the Oil Conservation Commission regulation known as R-111-A governing the conservation of potash and oil. Since the Teas Field is inside the area controlled by this Order, we feel that no exceptions to this Order should be made.

It is felt that protection should be afforded at this time to the salt section, both from the danger of water from above and water, gas or oil from below. This protection is afforded by the Order R-111-A and consequently, we feel that it would be to the best interests of all concerned if the Order was held in compliance.

Very truly yours,

Earl H. Miller  
Resident Manager
