 mitted by rules of Commission.

permitted by rules of Commission.

My dear George:

Your inquiry of November 29 to Mr. Andreas has been for-
 warded to this office for reply.

As to Case No. 24, among other things, the petitioners
 recite:

"In order to avoid the hazards of drilling a dry
 well and to make the production of oil as certain
 as possible and to be sure that the new well is
 located on the structure at the best point it is
 desired to drill said well approximately one hundred
 and fifteen (115) feet south of the north boundary
 line and one hundred and fifteen (115) feet east of
 the west boundary line."

As to Case No. 25, the petitioner is indefinite as to
 exact location, other than he desires a location 150 feet from
 the west boundary of his particular 40-acre unit, as noted in
 the second portion of the caption. Among other things is the
 statement:

"A few years ago the Western Drilling Co. of Artesia
 drilled a dry hole on this forty of mine and what I
 want to do is to drill, and to stay as far away from
 the dry hole as I can, and that would be still too

close, as I understand it drops to the east fairly fast. Would I be allowed to set my location 150 feet from my west line in this case?"

This petition is very informal - in the form of a letter - and was accepted as a petition in order that that matter may be heard during the same session of the Commission with a number of other matters on docket. However, the petitioner, Mr. Frank B. Hadlock, 403 Bassett Tower, El Paso, Texas, advises the writer by letter that he does not now wish to go ahead with his petition, and he desires to know whether the matter may be brought up later. In reply, he was advised that his letter will be recommended to the Commission to be treated as a motion for dismissal without prejudice, in which event he may reinstate the case as a new case later, but it would now be simpler to go ahead with the matter than to reinstate the case, provided he really desires the unorthodox location and is in a position to receive sanction of the waiver of the adjoining unit holder or holders affected.

Very truly yours,

Dear Sir:

In the calendar showing the hearings that have been set by the Commission for December 11th and 12th, which was forwarded to us by Mr. Livingston, there are two cases on which we wish that you would kindly forward us additional information. Case No. 24 is the application of Fair, Aston, Scheurich, Hatch, Cole, Johnson and Franklin for the location of a well in Loco Hills. Case No. 25 is the application of Hadlock for a well in the Halfway Pool. We wish that you would kindly advise the footage from the nearest lease lines, and from the nearest wells for both of these applications.

With kindest personal regards.

Yours very truly,

HEARING OF PETITION FAIR ET AL SET DECEMBER TWELFTH

CARL B. LIVINGSTON, ATTORNEY
OIL CONSERVATION COMMISSION

(Charge to
Oil Conservation Commission)

ALL MESSAGES TAK BY THIS COMPANY ARE SUBJECT TO THE FOLLOWING TERMS:

To guard against mistakes or delays, the sender of a message should order it repeated, that is, telegraphed back to the originating office for comparison. For this, one-half the unrepeated message rate is charged in addition. Unless otherwise indicated on its face, this is an unrepeated message and paid for as such, in consideration whereof it is agreed between the sender of the message and this company as follows:

1. The company shall not be liable for mistakes or delays in the transmission or delivery, or for non-delivery, of any message received for transmission at the unrepeated-message rate beyond the sum of five hundred dollars; nor for mistakes or delays in the transmission or delivery, or for non-delivery, of any message received for transmission at the repeated-message rate beyond the sum of five thousand dollars, unless specially valued, nor in any case for delays arising from unavoidable interruption in the working of its lines; nor for errors in cipher or obscure messages.
2. In any event the company shall not be liable for damages for mistakes or delays in the transmission or delivery, or for the non-delivery, of any message, whether caused by the negligence of its servants or otherwise, beyond the sum of five thousand dollars, at which amount each message is deemed to be valued, unless a greater value is stated in writing by the sender thereof at the time the message is tendered for transmission, and unless the repeated-message rate is paid or agreed to be paid, and an additional charge equal to one-tenth of one percent of the amount by which such valuation shall exceed five thousand dollars.
3. The company is hereby made the agent of the sender, without liability, to forward this message over the lines of any other company when necessary to reach its destination.
4. Domestic messages and incoming cable messages will be delivered free within one-half mile of the company's office in towns of 5,000 population or less, and within one mile of such office in other cities or towns. Beyond these limits the company does not undertake to make delivery, but will, without liability, at the sender's request, as his agent and at his expense, endeavor to contract for him for such delivery at a reasonable price.
5. No responsibility attaches to this company concerning messages until the same are accepted at one of its transmitting offices; and if a message is sent to such office by one of the company's messengers, he acts for that purpose as the agent of the sender.
6. The company will not be liable for damages or statutory penalties in any case where the claim is not presented in writing to the company within sixty days after the message is filed with the company for transmission; provided, however, that this condition shall not apply to claims for damages or overcharges within the purview of Section 415 of the Communications Act of 1934.
7. It is agreed that in any action by the company to recover the tolls for any message or messages the prompt and correct transmission and delivery thereof shall be presumed, subject to rebuttal by competent evidence.
8. Special terms governing the transmission of messages according to their classes, as enumerated below, shall apply to messages in each of such respective classes in addition to all the foregoing terms.
9. No employee of the company is authorized to vary the foregoing.

Re: Petition of R. W. Fair, et al., for a closer spacing to the boundary than is authorized under existing orders of the Commission - NE&SW, Sec. 32-175-30E.

Dear Mr. Scheurich:

The petition in the above captioned matter, submitted in the letter from Honorable Carl A. Hatch under date of November 11, will be brought before the Commission for consideration just as early as is possible. However, the Commission will not meet on the 15th, the date heretofore set, in view of the fact that the Governor was called to Nevada and Mr. A. Andreas, another member of the Commission, was called to an Interstate Oil Compact Commission Sub-committee meeting in Chicago. However, rest assured that the petition in question will come before the Commission for its consideration just as soon as is possible for the Commission to meet.

In the belief that the hearing upon this matter would meet the convenience of the petitioners if held at Artesia, I shall point that matter out to the Commission at its meeting. In view of the fact that two other matters, which also involve the Eddy County Area, require an order for a hearing, possibly the Commission would deem it more expedient to hear all of the matters pertaining to Eddy County at Artesia at the same time. This is merely a suggestion, but the Commission alone can, of course, decide this matter.

Very truly yours,

Carl B. Livingston

Mr. Carl Livingston,
State Land Office,
Santa Fe, New Mexico.

My dear Carl:

I have prepared and enclose the application for the drilling permit which I discussed with you Saturday morning. I hope you can get the matter prepared to lay before the Commission the 15th so that the necessary publication can start immediately and the day of hearing be set at the earliest possible time. We desire very much to get started on this new location quickly.

Unfortunately I have been called out of town and am leaving tonight for Reno to attend Senator Pittman's funeral. From there I shall go to Washington, but will return to the State before the hearing date.

I wish you would advise Mr. Charles A. Scheurich at Clovis of the date of the hearing and he can wire me the date so that I can return.

Thanking you for your many courtesies and with regards, I am
