Continental Oil Company  
Ponca City, Oklahoma

Gentlemen:

In the month of February of this year, there was received in this office 5 copies of an Application to Terminate the Alston Unit Agreement, County of Roosevelt, New Mexico. This office has lately been provided with a copy of the Department of the Interior Plugging Order signed by the District Superintendent of the U. S. G. S. and has no further objection to the termination of said unit agreement.

This letter is to be considered as the consent of the Commissioner of Public Lands of the State of New Mexico to the final termination of the Alston Unit Agreement covering lands in Township 7 South, Range 35 East, N.M.P.M.

The delay in this matter was a result of this office's desire to have its files reflect the fact of proper plugging.

Please find herewith 4 copies of approved application for termination; 2 copies are retained in this office.

Yours very truly,

JOHN E. MITES  
Commissioner of Public Lands
