Dear Mr. Bedford:

Your letter of March 15, addressed to Mr. Dudley Sands, Chairman, Southeastern New Mexico Nomenclature Committee (Advisory Committee to the Oil Conservation Commission) pertaining to new pool designations, Southeastern New Mexico, was handed to me by Mr. Sands together with a note that due to illness Mr. Knoepfel was not present at the last meeting of the Nomenclature Committee and the information submitted by you regarding the two pools "South Madine" and "Poster-Lea" to Mr. Knoepfel was not available to the committee and they had no knowledge of it.

Mr. Sands suggested that I take this matter up with Mr. Spurrier of the Oil Conservation Commission when I attend the Commission hearing on March 21. This was done. Mr. Spurrier stated that the Commission would have no objection to following the request of your company.

If this office can be of any further assistance to you in this matter, please advise.

With kindest personal regards, I am

Dear Sir:

We are presently completing our Anna Foster "A" No. 1 as a discovery well in the Lower Clearfork at a plugged back total depth of 7560 feet with top of pay at 7363 feet. The well is located in the northwest quarter (NW/4) of the southeast quarter (SE/4), Section 23, T-19-S, R-38-E, Lea County, New Mexico.

We respectfully suggest that the reservoir from which this well is producing be designated as "Fosterlea".

*Case 215*

Dear Sir:

This will have reference to Case No. 215, New Mexico Oil Conservation Commission, hearing on which is to be held March 21, 1950

This is to advise that we are concerned specifically with the names "House-San Andres", which you have proposed for the area comprising the E/2 of Section 11 and the W/2 of Section 12, Township 20-South, Range 38-East, and "Nadine", which you have proposed for the area comprising Section 23, Township 19-South, Range-38-East.

We would like to point out that we requested, by letter to Mr. R. R. Spurrier dated January 18, 1950, the name "South Nadine (San Andres)" to be applied to the reservoir from which our House "A" No. 1 is producing (NE/4 SE/4, Sec. 11, T-20-S, R-38-E) and, by letters to Mr. R. R. Spurrier, dated January 27 and February 1, 1950, the name "Foster-Lea" to be applied to the reservoir from which our Anna Foster "A" No. 1 is producing (NW/4 SE/4, Sec. 23, T-19-S, R-38-E). Carbon copies of both letters were mailed to Mr. R. M. Knoepfel, in care of the New Mexico Nomenclature Committee, Hobbs, New Mexico.

Due to the fact that we have followed the suggestions of the Commission in using this procedure and, further, due to the fact that they advised they could see no reason why the two pools could not be named in accordance with our suggestions, we fail to see why our suggested names were dropped and others substituted without our being advised.

We would like to point out that all our records carry these pools as South Nadine (San Andres) and Foster-Lea, and that any change would only result in confusion of our records.

We, therefore, request that you give further consideration to our two suggested pool names and that you make this letter a part

of the record of Case 215 at the March 21, 1950 hearing.

Dear Mr. Sands:

We have received Stanolind's letter of January 13 requesting new pool designation for their Howse "A" No. 1. We quote their letter and would appreciate receiving the recommendations of the Nomenclature Committee.

"We have completed our Howse "B" No. 1 as a discovery well in the San Andres horizon at a total depth of 4,440 feet with the top of pay at 4,272 feet. The well is located in the northeast quarter (NE/4) of the southeast quarter (SE/4), section 11, T.20 S, R.38 E, Lea County, New Mexico, being located approximately six miles south and slightly east of the nearest Hobbs pool producing well. On potential test taken January 17, 1950, the subject well flowed 99 barrels of oil per day and 5/10% BS & W through a 16/64" choke with a gas-oil ratio of 1,326 cubic feet per barrel

"We respectfully suggest that the reservoir from which this well is producing be designated as the South Nadine (San Andres)."
