BEFORE THE  
OIL CONSERVATION COMMISSION  
STATE OF NEW MEXICO

In re:

Case 303, Continued from hearing  
of August 21, 1951, this case  
concerns the application of the  
Oil Conservation Commission upon  
its own motion for an order  
correcting pool boundaries,  
extension of existing pools and/or  
creating new pools.

No. 303

TRANSCRIPT OF HEARING

Special Hearing  
September 13, 1951

MR. SPURRIER: In the interest of the formal hearing, we will proceed with Case No. 303.

The record will show that application was made in proper form on our Commission Form C-123 for each of these three pools and that the case was improperly advertised for the August 21 hearing, has been duly readvertised and I will recommend to the Commission that without objection, where there is none, that these pools be approved either credited or extended as recommended, in the advertisement. There being no further business, the Commission is recessed until 4 o'clock to consider the proration schedule for the month of September, to approve the proration schedule for the month of September.

Case 303

Referred to pool he  
called "cedar hill Pool";  
a shallow pool, discovered  
by the Geo. D. Riggs and others.  
It should be noted that  
~~Sec 7~~ Sec 5, Twp 24 S  
R 27 E, N. M. P. M. The  
cedar trees on this small  
hill are peculiar to the  
area, since this type of  
tree is not to be found  
anywhere else within  
50 miles of the area.
