PROPOSED REVISIONS
RULE 301 GAS-OIL RATIO TEST

After 30 days (2)
before 60 "

(a) Each Operator shall take a gas oil ratio test upon completion or recompletion of an oil well provided that (1) the well is a wildcat, or (2) the well is located within a pool not exempted from the requirements of this rule, (wells located within one mile of the outer boundaries of a defined oil pool shall be governed by the provisions of this rule which are applicable to the nearest pool producing from the same formation). The results of such test shall be reported on form C-116 which must accompany form C-104, "Request for allowable". Each operator shall also make an annual gas oil ratio test of each producing oil well, located within a pool not exempted from the requirements of this rule, during a period prescribed by the Commission. A gas oil ratio survey schedule shall be established by the Commission setting forth the period in which gas oil ratio tests are to be taken for each pool wherein a test is required.

(b) The results of gas oil ratio tests taken during regular survey periods shall be filed with the Commission on form C-116 not later than the 15th of the month following the close of the survey period for the pool in which the well is located. The gas oil ratios thus reported shall become effective for proration purposes on the first day of the ^{second} month following the ^{close of the survey period} ~~month in which they are reported~~. Unless form C-116 is filed within the required time limit no further allowable will be assigned the affected well until form C-116 is filed.

(c) In the case of special tests taken between regular gas oil ratio surveys, the gas oil ratio shall become effective for proration purposes upon the date form C-116 reporting the results of such test is received by the Proration Department. A special test does not exempt any well from the regular survey.

(d) During gas oil ratio tests, each well shall not be produced at a rate exceeding top allowable for the pool in which it is located by more than 25 per cent. No well shall be assigned an allowable greater than the amount of oil produced on official tests during a 24 hour period.
