BEFORE:

        Honorable Edwin L. Mechem
        Mr. E. S. (Johnny) Walker
        Mr. R. R. Spurrier

                    TRANSCRIPT OF HEARING

        MR. SPURRIER: The meeting will come to order, please,

The next case on the docket is the combined case 616, 17 and 18.

Mr. Campbell?

        MR. CAMPBELL: Jack Campbell, Roswell, New Mexico. As the

Commission knows, these three cases have been successively continued

awaiting orders in Cases 582 and 673. Those orders have not yet

been issued. I would like to request that these cases be carried

forward on the docket until such time as orders in Cases 582 and

673 are forthcoming. I assume that the Commission has in mind

orders in those cases in time to make any adjustments which may be

necessary, by virtue of those orders, back to the first six months

proration period.

        MR. SPURRIER: Without objection we will continue them,

Mr. Campbell, to the definite date of July 15th, hoping by that time the order will be out in Case 673. Incidentally, for those of you who are interested, the Commission set the allowable on the 40 barrel unit basis figure, which would result in a figure of 228,185 barrels, if my figures are correct.
