Chairman,  
Oil Conservation Commission  
State of New Mexico  
Santa Fe, New Mexico

Dear Sir:

We are requesting a hearing for an exception to Rule #5 of the Field Rules for the Eumont Field, Lea County, New Mexico. Our Turner-Hudson-State lease covers 160 acres, but is an unorthodox gas unit as it covers the W/2 of the NE/4 and the E/2 of the NW/4 of Section 32, T 20S, R 37E.

Our well #2 was completed as a gas well in March, 1947, and has been producing gas since that date. The 80 acres, in the E/2 of the NE/4, which is owned by Pacific Western has a gas well that is now producing, and the 80 acres, in the W/2 of the NW/4, which is owned by Atlantic Refining Company, has two gas wells that are now producing.

We are enclosing a copy of the gas well plat of our unit, two copies of which have been filed with the district office at Hobbs.

Yours very truly,

BERT FIELDS

Re: ~~Case #626~~  
Bert Fields Application for  
Approval of Unorthodox Gas  
Pro-ration Unit, Bumont Gas Pool.

Dear Sir:

At the December 17, 1953 hearing in Santa Fe, we asked that our original application for a 160 acre unorthodox gas unit be amended to 120 acres, and at the hearing, Mr. George Selinger, representing Pacific Western Oil Corporation, requested that this case be continued at the January 20, 1954 hearing before decision was reached.

Since the December 17, 1953 hearing, we have contacted Mr. Fred Turner, the owner of the 40 acres in question, and have come to an agreement with him, and now desire that this gas unit be 160 acres, which comprises W/2 NE/4 and E/2 NW/4 32-20S-37E. We have contacted Mr. Selinger, and he has advised us that he will withdraw his objection to us forming this 160 acre unit.

We therefore, ask that you approve this unorthodox gas unit for 160 acres.

Yours very truly,

BERT FIELDS
