P. O. Box 871  
Santa Fe, New Mexico

Attention of Mr. W. B. Macey, Secretary-Director

Gentlemen:

By Order No. R-125 dated January 8, 1952, Phillips Petroleum Company's C. D. Woolworth Group 3, Well No. 1, was classified as a gas well in the Upper Seven Rivers Gas formation, Cooper Jal Field, Lea County, New Mexico.

This well is located 660' from the south line and 647' from the west line of Section 6, Township 25 South, Range 37 East, Lea County, and was originally completed as an oil well in the Lower Seven Rivers formation on September 27, 1935.

As this well did not have a previous acreage allocation due to its having been shut in during 1953, and since the well was recompleted in the Yates and Upper Seven Rivers gas zones after the effective date of Commission Order R-520, we are hereby requesting approval of a non-standard gas proration unit consisting of 160 acres described as follows:

SW/4 NW/4; NW/4 SW/4 and S/2 SW/4 of Section 6, Township 25 South, Range 37 East, Lea County, New Mexico

Attached are waivers from the following offset operators in compliance with Rule 5(b) Paragraph 5, of Order No. 520:

New Mexico Oil Conservation Commission

We are in receipt of a letter from the First National Bank in Dallas, Texas who is the trustee of the Paul P. Scott Trust (Kan-Mex Corporation) who would not sign a waiver. Mr. W. F. Worthington, Vice President and Trust Officer of the bank, stated in his letter that he was so notifying the Commission. The Paul P. Scott Trust owns a lease covering the E/2 NE/4 of Section 12-25S-36E, Lea County.

We would very much appreciate being assigned an allowable on this well at the earliest date.

Yours very truly,

L. E. Fitzjarrald
