Attention: Mr. Warren Mankin, Producing Department

Gentlemen:

Administrative Order NSP-22

Reference is made to your application dated September 24, 1954, for approval of a 280-acre non-standard gas proration unit consisting of the following acreage:

Township 20 South, Range 37 East, NMPM  
NW/4 NW/4, E/2 NW/4 and NE/4 of  
Section 10

It is understood that this unit is to be ascribed to your E. H. B. Phillips Well No. 1, located in NW/4 NW/4 of said Section 10.

Waivers have now been received from all offset operators whom you notified of your intent in this matter: Continental Oil Company, Tennessee Production Company, Amerada Petroleum Corporation, Ohio Oil Company, and Nolen & Byron. Therefore, by authority granted me under provisions of Rule 5, (b)-5 of the Special Rules and Regulations for the Eumont Gas Pool as set forth in Order R-520, you are hereby authorized to operate the above-described acreage as a non-standard gas proration unit, with allowable to be assigned thereto as of October 1, 1954, in accordance with pool rules.

Very truly yours,

Re: Administrative Order NSP-22

Attention: Mr. Warren Mankin, Producing Department

Gentlemen:

On October 7, 1954, by virtue of the provisions of Administrative Order NSP-22, I approved the formation of a non-standard gas proration unit consisting of the following described acreage in the Eumont Gas Pool:

Section 10, Township 20 South, Range 37 East  
NW/4 NW/4, E/2 NW/4 and NE/4

Information available to me at this time indicates that I exceeded the authority granted to me by the provisions of Rule 5-b of Order R-520 (Eumont Pool Rules) due to the fact that the third paragraph of Rule 5-a specifically limits the maximum amount of acreage that may be assigned to a gas well, the amount being governed by the well location.

The formation of a 280-acre non-standard proration unit with your E. H. B. Phillips Lease, Well No. 1, located 661 feet from the North line and 660 feet from the West line is contrary to the provisions of this rule.

On February 16, 1955, this Commission will hold hearings directed to you as operator for you to show cause why the acreage assigned your E. H. B. Phillips Well No. 1, NW/4 NW/4 Section 10, Township 20 South, Range 37 East, NMPM, Eumont Gas Pool, should not be reduced to 160 acres in accordance with the provisions of Paragraph 3 of Rule 5-a of Order R-520. The description of this 160-acre unit is as follows:

P. O. BOX 871

SANTA FE, NEW MEXICO

-2-

Section 10, Township 20 South, Range 37 East  
NW/4 NW/4, E/2 NW/4, NW/4 NE/4

This proposed reduction would be effective March 1, 1955. You will of course be afforded the opportunity to present any testimony or evidence to support the formation of the proration unit as it now exists.

This letter is being directed to you so that you can prepare your case, if you so desire. A copy of the advertisement will be mailed to you when available.

Very truly yours,

W. B. MACEY,  
Secretary-Director
