BEFORE THE
OIL CONSERVATION COMMISSION
Santa Fe, New Mexico
September 15, 1955

IN THE MATTER OF:)

Application of Shell Oil Company for an)
exception to Rule 309 (a) to permit the)
commingling of oil from two separate state)
oil and gas leases in the Townsend-Wolfcamp)
into one central tank battery.)

Case No. 938

BEFORE:

Honorable John F. Simms
Mr. E. S. (Johnny) Walker
Mr. William B. Macey

TRANSCRIPT OF HEARING

MR. MACEY: The next case on the docket is Case 938.

MR. CAMPBELL: Jack Campbell, representing M. A. McCress.

At the time this application for administrative approval of common tankage was made by Shell Oil Company, McCress filed an objection, and the case was, therefore, under the rules, set down for hearing. Since the time of the filing of the protest, Shell and McCress have been in conferences as a result of which McCress at this time wishes to withdraw its protest inasmuch as Shell has agreed with McCress that subject to working out details and obtaining approval of other operators in the pool, they will assist McCress in getting uniform pool-wide testing procedures for the Townsend-Wolfcamp Pool, encompassing an established flow. McCress will make such a request

to the Commission in the immediate future.

In connection with the withdrawal of this protest, and in connection with the Townsend-Wolfcamp Pool, the Commission will recall that several months ago there was another case involving gas-oil ratios and gas-oil ratio tests in the pool. We would like to remind the Commission that at that time it was our understanding that a gas-oil ratio test in this particular pool would be taken each six months, and that one would be scheduled for the month of November. To date we have not received any notice that that is to be taken, under Commission supervision, but we assume that notice will be forthcoming and that the Commission still contemplates the taking of the gas-oil ratio test in this particular pool during the month of November.

MR. HOWARD: Paxton Howard for Shell Oil. With the withdrawal of this protest, I believe this case is subject to administrative handling?

MR. MACEY: That is correct.

MR. HOWARD: We can save considerable time by me handing in the waivers and consent obtained, the Land Commissioner's consent and the maps?

MR. MACEY: You wish the case dismissed and rely on the administrative approval?

MR. HOWARD: Yes, I think it is in proper shape for that at this time.

MR. MACEY: With that in mind, we will dismiss Case 938.

TRANSCRIPT OF HEARING

MR. MACEY: The next case on the docket is Case 938. We have two letters, one from Wilshire Oil Company of Texas and one from the Shell Oil Company, pertaining to Case 938, in which Wilshire requested continuance of the case, and Shell Oil Company concurred in the continuance. Therefore, we will continue Case 938 to the regular September hearing.
