The Geological Survey, Department of the Interior, approved the unit area as being suitable for unitization on April 18, 1955 and this unit agreement, as submitted, has been submitted to the Geological Survey and approved as to form.

The unit plan provides that a well of sufficient depth to test the Devonian formation be drilled within six months of approval of the unit, but in no case will the operator be required to drill a test in excess of 6,000 feet.

The applicant, Union Oil Company of California, is the designated operator in the unit agreement and is the holder of a substantial part of the working interests in and under the lands to be included within the unit area.

The proposed unit plan will, in principle, tend to promote the conservation of oil and gas and for prevention of waste.

ILLEGIBLE

-2-

Within 30 days of the effective date of the Queen Unit Agreement an executed original or executed counterpart will be filed with the Commission. It is requested that a hearing to consider this unit be established at the earliest convenient date.

Yours very truly,

UNION OIL COMPANY OF CALIFORNIA

David A. Dunn
District Geologist, New Mexico
