Gentlemen:

On March 6, 1958 we wrote you requesting administrative approval of a non-standard proration unit on the Delhi-Taylor Jones #3 well in L Section 30, T 29N, R 8 W, San Juan County, New Mexico. The proration unit acreage was incorrectly shown as 114.0 acres whereas it should be 170.58 acres.

An amended request is submitted for your consideration and we hope this will cause you no great inconvenience.

Very truly yours,

Gentlemen:

In accordance with Oil Conservation Commission Order No. R-565 Rule 6 (B), Application is hereby made for administrative approval of a non-standard proration unit whereby 170.58 contiguous surface acres will be allocated to the Delhi-Taylor Jones #3 well in L Section 30-T 29 N, R 8 W, San Juan County, New Mexico. This acreage is substantially in the form of a rectangle and, due to the irregularity of the Range Line between Range 8 West and Range 9 West of the U. S. Public Land Survey, consists of the SW/4 of Section 30, referenced above and N/2 NW/4 of Section 31, T 29N, R 8W.

Respectfully submitted,
