Oil & Gas Company for an oil-oil dual  
completion

Gentlemen:

In the above case set for Examiner Hearing May 28, 1958, applicant seeks an order authorizing the dual completion of its State Lea 692 Well No. 1 located 660' from the South and West lines of Section 24, T-16-S, R-33-E, Lea County, New Mexico, in such a manner as to permit the production of oil from the Kemnitz Wolfcamp Pool and from the Pennsylvanian formation adjacent to the Kemnitz Pennsylvanian Pool. Sinclair Oil & Gas Company desires to amend its application to seek also permission to commingle production from the separate pools into common storage. Facilities will be provided to assure at all times accurate determination of the production from each pool.

By copy hereof via registered mail, we are notifying all operators in these pools of this amendment to our application. See attached list.
