Gentlemen:

Reference is made to the subject application for administrative approval.

An objection to granting administrative approval of the subject application has been filed by Texas Pacific Coal and Oil Company, an offset operator.

Rule 112-A (c) of the Commission Rules and Regulations provides that in the event an operator objects to a proposed dual completion, the Commission shall consider the matter only after proper notice and hearing.

-2-

Rule 5 (b) 6 of Order No. R-520, which sets forth the Special Rules and Regulations for the Jalmat Gas Pool, provides that administrative approval of applications for non-standard production units may be granted provided no objection has been received from offset operators.

In view of the timely objection by an offset operator to the subject application, administrative approval of such application cannot be granted.

Please advise this Commission whether you wish to set the matter for hearing.

Very truly yours,

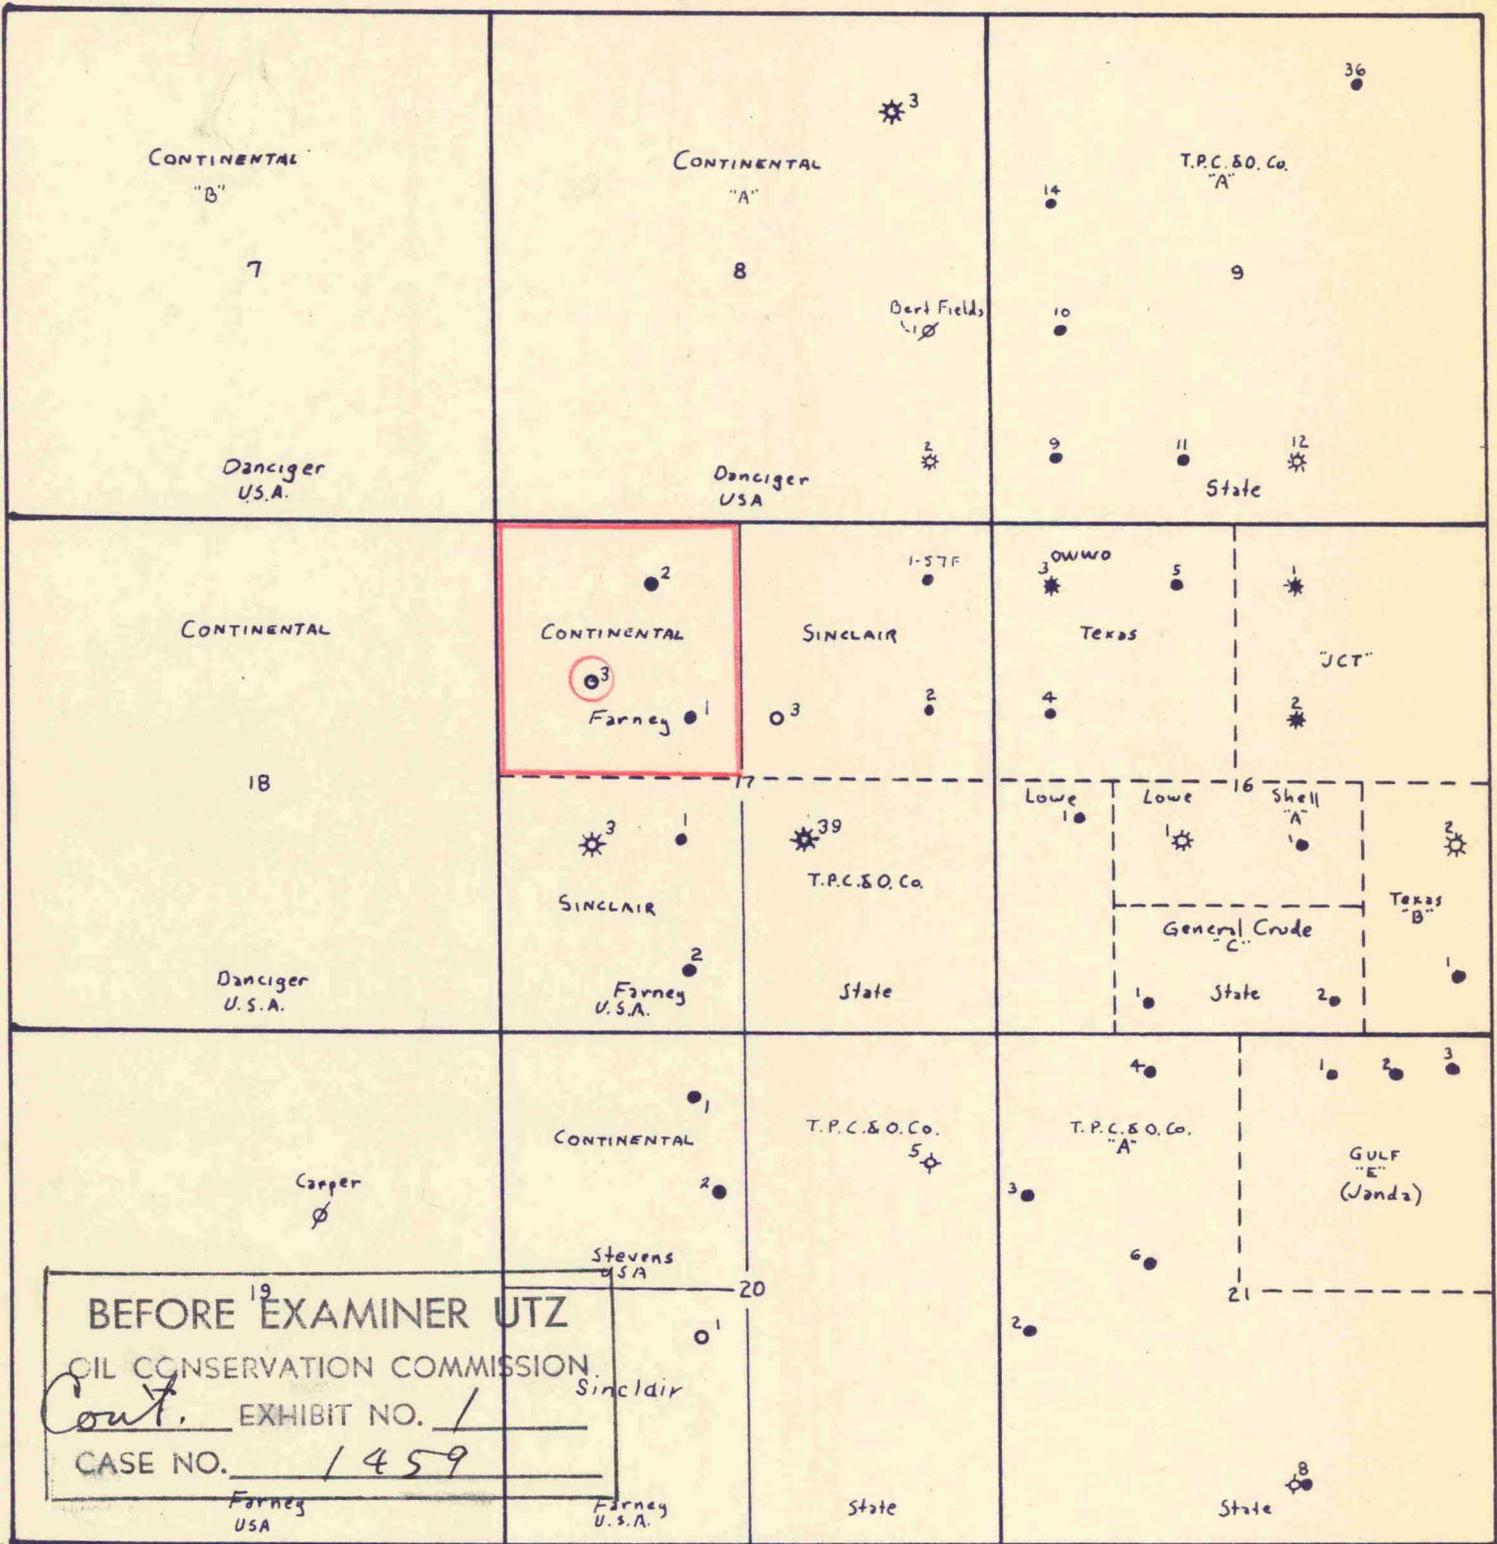

OLIVER E. PAYNE,
Associate Counsel
