

Case 1515

BEFORE THE OIL CONSERVATION COMMISSION MAIN OFFICE OCC
OF THE
STATE OF NEW MEXICO 1956 AUG 22 AM 8:23

IN THE MATTER OF THE APPLICATION
OF CONTINENTAL OIL COMPANY FOR AN
EXCEPTION TO RULE 5 (a) OF THE
SPECIAL RULES AND REGULATIONS FOR
THE JALMAT GAS POOL CONTAINED IN
ORDER NO. R-520 FOR THE ENLARGEMENT
OF THE PRESENTLY APPROVED 160-ACRE
UNIT TO A NON-STANDARD GAS PRORATION
UNIT OF 320-ACRES CONSISTING OF S/2
SECTION 22, T-22S, R-36E, NMPM, LEA
COUNTY, NEW MEXICO, TO BE ALLOCATED
TO ITS MEYER B-22 WELL NO. 1.

APPLICATION

Comes now applicant, Continental Oil Company and petitions the Commission for an order enlarging the present 160 acre gas proration unit to one of 320 acres consisting of S/2 of Section 22, T-22S, R-36E, NMPM, Jalmat gas pool, Lea County, New Mexico, to be allocated to its Meyer B-22 No. 1 well located 1650 feet from the south line and 990 feet from the east line of said Section 22 and in support thereof would show:

1. That applicant is owner and operator of a lease designated as the Meyer B-22 lease consisting of S/2 Section 22, T-22S, R-36E, NMPM, Lea County, New Mexico.
2. That applicant drilled and completed in May, 1949, its Meyer B-22 well No. 1 at a location 1650 feet from the south line and 990 feet from the east line of said Section 22.
3. That the SE/4 of the said Section 22 is presently assigned the said well No. 1, but that the SW/4 is not assigned to any gas well and that all of said acreage may reasonably be presumed to be productive of gas from the Jalmat Pool and should be allocated to a gas well in the interests of the prevention of waste and the protection of correlative rights.
4. That the most practical and economical method of allocating said acreage for Jalmat Pool gas production is to enlarge the existing 160-acre unit to a 320-acre non-standard gas proration unit for assignment to the Meyer B-22 well No. 1.

Wherefore, applicant prays that this application be set for hearing before the Commission's duly appointed examiner, in Hobbs, New Mexico, that appropriate notice thereof be given, and that upon hearing an order be entered granting applicant an exception to Rule 5 (a) of the Special Rules and Regulations for the Jalmat gas pool contained in Order No. R-520 for the non-standard gas proration unit described above.

Respectfully submitted,
CONTINENTAL OIL COMPANY
