Re: Regular Hearing

Case No. 4027

Gentlemen:

Macdonald Oil Corporation has discussed its water production from its U. S. Sinclair Parke Well No. 1, Unit F, Section 22, T-17-S, R-30-E, Eddy County, New Mexico, with U.S.G.S. personnel in Artesia, New Mexico. The results of this discussion were not favorable to us concerning water disposal utilizing surface pits. Our hearing before the Commission would, therefore, be academic, regardless of the outcome.

For this reason Macdonald Oil Corporation requests that Case No. 4027 be permanently dismissed. We regret having burdened your office with our request, but we now plan to either sell or plug and abandon this well.

Thank you for your time and consideration.

Very truly yours,

MACDONALD OIL CORPORATION
