CASE NO. 1634  
AUGUST 17, 1960 HEARING

Dear Mr. Porter:

Socony Mobil Oil Company Inc. desires by this letter to enter their support in Case #1634 to Pure Oil Company's application for establishment of 80-acre proration units for the South Vacuum-Devonian Pool, Lea County, Texas. Socony Mobil is the operator of two wells of the twelve wells in the pool, and from our study of this pool we feel that one well can effectively drain 80-acres or more and that no reservoir damage will occur at the resulting higher proration rate.

Therefore, Socony Mobil Oil Company, Inc. respectfully requests that the Commission adopt 80-acre proration units for this pool.

Yours very truly,

C. H. Samples

Dear Sir:

Enclosed please find the Application of The Pure Oil Company for Special Pool Rules for the South Vacuum-Devonian Pool in Lea County to provide for 80-acre spacing and proration units.

I have requested that this matter be heard before the full Commission in view of the fact that the Application for Temporary Rules was heard by the full Commission. You will recall that Order No. R-1382-B, was entered authorizing certain interference tests in this pool to determine whether 80-acre units would efficiently drain the pool. That Order expires August 1, 1960. We believe that we now are in a position to put on the results of those tests to the satisfaction of the Commission.

We will appreciate your setting the matter for hearing before the full Commission at its August hearing.

Very truly yours,

HERVEY, DOW & HINKLE
