Sinclair Oil & Gas Company, a Maine corporation with an operating office in Midland, Texas, hereby files its application herein, in triplicate, and represents the following:

I.

Applicant is the owner and operator of its J. R. Phillips "A" lease comprised of patented land and described as the SW $\frac{1}{4}$ of Section 31, Township 19-South, Range 37-East, Lea County, New Mexico. Applicant has recently completed its J. R. Phillips "A" well No. 8 in the Monument McKee Gas Pool, which is expected to produce substantial quantities of distillate. Applicant heretofore has completed and is now producing into separate tankage four wells in the Eunice Monument Pool and two wells in the Monument Blinebry Pool. All wells are located on the subject lease.

25 1/2 cu ft

II.

Applicant seeks permission and authority, as an exception to Rule 303, for the commingling of oil into common storage which is produced from wells completed in the separate pools in the subject lease. Adequate facilities will be provided to insure at all times accurate determination of the production from the separate pools which may be commingled into common storage.

III.

Applicant believes, and therefore alleges, that the

commingling of such production into common storage is mechanically feasible and that the same will not adversely affect correlative rights and is in the interest of prevention of waste.

WHEREFORE, Applicant requests that this application be set for hearing before an Examiner, either in Hobbs or Santa Fe, New Mexico, at the earliest convenience; that notice be given hereon and that upon such hearing authority and permission be granted to applicant for the commingling of production from the separate pools from wells located on said lease.
