

BEFORE THE OIL CONSERVATION COMMISSION  
OF THE  
STATE OF NEW MEXICO

IN THE MATTER OF THE APPLICATION  
OF CONTINENTAL OIL COMPANY FOR  
AN EXCEPTION TO RULE 5 (a) OF THE  
SPECIAL RULES AND REGULATIONS FOR THE  
TUBB GAS POOL CONTAINED IN ORDER  
NO. R-586 IN ESTABLISHMENT OF A  
NON-STANDARD GAS PRORATION UNIT  
OF 160 ACRES CONSISTING OF LOT 15, N/2  
OF THE SE/4 AND THE SE/4 OF SE/4 OF  
SECTION 3, T-21S, R-37E, NNPM, LEA  
COUNTY, NEW MEXICO, TO BE ALLOCATED  
TO ITS HAWK B-3 WELL NO. 2-T.

*Case 1692*

A P P L I C A T I O N

Comes now applicant, Continental Oil Company, and petitions the Commission for an order approving a non-standard gas proration unit consisting of Lot 15, the N/2 of the SE/4, and the SE/4 of the SE/4 of Section 3, T-21S, R-37E, NNPM, Lea County, New Mexico, to be allocated to its Hawk B-3 No. 2-T well located 1650 feet from the south and east lines of said Section 3 and in support thereof would show:

1. That applicant is co-owner and operator of the Hawk B-3 Lease containing, among other lands, the N/2 of the SE/4, Lot 15, and the SE/4 of SE/4 of Section 3, T-21S, R-37E, NNPM, Lea County, New Mexico.
2. That applicant drilled the Hawk B-3 No. 4-E at a location 1650 feet from the south and east lines of said Section 3 and completed it on November 30, 1951, as an oil well in the Brunson Pool. On May 13, 1959, the well was plugged back and recompleted in the Tubb formation as a gas well and was redesignated as the Hawk B-3 No. 2-T.
3. The entire proposed non-standard gas proration unit may be reasonably presumed to be productive of gas from the Tubb Pool.
4. That no part of the acreage comprising the N/2 of the SE/4, Lot 15 and the SE/4 of the SE/4 of said Section 3 is allocated to a gas well and should be allocated to a gas well in the interests of the prevention of waste and the protection of correlative rights

*Woods  
12-15-59  
Continental Oil Company  
Lea County, New Mexico*

5. That the most practical and economical method of allocating said acreage for Tubb gas production is to establish a 160-acre non-standard gas proration unit, as described above, for assignment to the Hawk B-3 Well No. 2-T.

Wherefore, applicant prays that this application be set for hearing before the Commission's duly appointed examiner, that appropriate notice thereof be given, and that upon hearing an order be entered granting applicant an exception to Rule 5 (a) of the Special Rules and Regulations for the Tubb gas pool contained in Order No. 586 for the non-standard gas proration unit described above.

Respectfully submitted,

CONTINENTAL OIL COMPANY

R. L. Adams  
Division Superintendent  
of Production  
New Mexico Division
