BEFORE THE
OIL CONSERVATION COMMISSION
STATE OF NEW MEXICO

IN THE MATTER OF THE APPLICATION OF
REDFERN & HERD, VAL R. REESE AND
ASSOCIATES, INC., AND EL PASO NATURAL
GAS COMPANY FOR ADOPTION OF SPECIAL
POOL RULES FOR THE DEVILS FORK-GALLUP
GAS POOL, RIO ARRIBA COUNTY, NEW MEXICO

CASE NO. 1961

A P P L I C A T I O N

COMES NOW Redfern & Herd, Val R. Reese and Associates, Inc., and El Paso Natural Gas Company, all authorized to do business in the State of New Mexico, hereinafter called "Applicants," and respectfully allege and state as follows:

I.

Applicants are owners and operators of wells capable of producing gas from the Devils Fork-Gallup Gas Pool, Rio Arriba County, New Mexico.

II.

The Devils Fork-Gallup Gas Pool has been classified as a gas pool by Order No. R-1641 of this Commission.

III.

Special pool rules and regulations should be adopted by this Commission concerning the drilling of gas wells in said pool and the production therefrom including, but not limited to, provisions for drilling and proration units, an allocation formula, and market demand proration.

IV.

The adoption of special rules and regulations for said gas pool is necessary for the prevention of waste and the protection of correlative rights.

WHEREFORE, Applicants pray that this matter be set for hearing, that notice thereof be given as required by law, and upon hearing, this Commission adopt rules and regulations for said
