My name is Kenneth Kirkland. I am an employee of Continental Oil Company as Continental's Land Superintendent of the Durango Division. I am familiar with Exhibit 1 prepared for Continental's application in Case No. 2019 scheduled for hearing on July 27, 1960. This exhibit was prepared under my supervision. The shaded area shows our leases in the Northeast Haynes Block No. 206 in Rio Arriba County, New Mexico.

The proposed triple completion will be located 1850 feet from the south line and 790 feet from the west line of Section 9, Township 24 North, Range 5 West. Exhibit 1 correctly shows the ownership of acreage surrounding Continental's leases.
