Case  
9064

Oil Conservation Commission  
P. O. Box 871  
Santa Fe, New Mexico

Gentlemen:

Attached is the application, in triplicate, of Amerada Petroleum Corporation requesting the vertical delineation of the Drinkard zone in the Justis Pool, Lea County, New Mexico.

It is requested that the matter be set for hearing at the Commission's convenience.

Yours very truly,

*Jason W. Kellahin*

Attention: Mr. A. L. Porter

Gentlemen:

Re: Justis Drinkard Pool  
Lea County, New Mexico

Pursuant to Mr. Joe D. Ramey's letter of July 19, 1960, a copy of which is attached, we request a hearing to determine the vertical limits of the Justis Drinkard Oil Pool. It is our understanding that Amerada Petroleum Corporation is simultaneously filing a similar application. We would therefore respectfully request that these applications be set on the docket at the same time.

Yours very truly,

*C. T. Mc Clure*

*Docket  
Mailed*

Gentlemen:

According to our records two of your wells in the Justis Drinkard Pool are perforated both below and above the top of the Drinkard. These wells, Carlson "A" No. 1 in Unit J of Section 25, T-25-S, R-37-E and Carlson "A" No. 3 in Unit N of Section 25, T-25-S, R-37-E, are in violation of Rule 303 of the New Mexico Oil Conservation Commission Rules and Regulations.

You are, therefore, requested to squeeze off the Drinkard zone in these wells or apply for a Hearing on this matter prior to August 15, 1960. Should you desire to apply for a Hearing, you will be allowed to produce the wells until a decision is reached from the testimony presented at the Hearing.

Yours very truly,

OIL CONSERVATION COMMISSION
