Order No. R-1855

IT IS THEREFORE ORDERED:

That the applicant, Continental Oil Company, be and the same is hereby authorized to install an automatic custody transfer system to handle the Monument and Eumont Pool production from all wells presently completed or hereafter drilled on the Sanderson B-14 Lease, comprising the SW/4, SW/4 SE/4, and the SW/4 NW/4 of Section 14, Township 20 South, Range 36 East, NMPM, Lea County, New Mexico.

IT IS FURTHER ORDERED:

That all meters used in the above-described automatic custody transfer system shall be operated and maintained in such a manner as to ensure an accurate measurement of the liquid hydrocarbon production at all times.

That meters shall be checked for accuracy at least once each month until further direction by the Secretary-Director.

That meters shall be calibrated against a master meter or against a test tank of measured volume and the results of such calibration filed with the Commission on the Commission form entitled "Meter Test Report."
