Mr. Richard S. Morris
Attorney at Law
State of New Mexico Oil
Conservation Commission
P. O. Box 871
Santa Fe, New Mexico

Dear Dick:

Thank you for your letter of May 26 and the information contained therein.

After our discussion on the phone I dug further into the surveys on Township 30, Range 13 West, San Juan County, New Mexico. Three surveys have been made on this township; the first dated May 26, 1881, the second dated October 7, 1881, and the third dated May 12, 1955. Apparently the survey of October 7, 1881 was eliminated by the survey of May 26, 1881 and the survey of May 12, 1955 is a dependent re-survey on the May 26, 1881 survey. The Federal Oil and Gas Lease SF 078977 acreage totals correspond to the May 26, 1881 and May 12, 1955 surveys. Therefore, apparently these two surveys are the ones in affect, and the ones which would govern Dakota well spacing in this area. If this is the case there will be a number of acres not attributable to any Dakota spacing unit. I guess the government loses out on royalty on this uncommitted acreage.

If you could check on these above surveys there in Santa Fe to see if my interpretations are correct as to the surveys in affect we then could possibly present

some sort of case before the Commission on the June 28 hearing. I would appreciate any assistance you could give us in this matter as we are most anxious to drill three or four Dakota wells in this area.

Thank you very much.

Yours very truly,

Mr. Jim Menor
Compass Exploration Company
101 University Boulevard
Denver 6, Colorado

Dear Jim:

Following our telephone discussion yesterday concerning your acreage in Township 30 North, Range 13 West which you wish to include in two or more Dakota units, the whole problem of surveys was discussed by our staff. It is our conclusion that the case presently before the Commission to establish various Dakota proration units is going to have to be dismissed. The Commission will, in all probability, put on a new case at an examiner hearing to be held on June 28, 1961, which should cover your acreage.

If you have any recommendations to make, you may either appear at the hearing, or you may contact Mr. Elvis Utz, Gas Engineer for the Commission at this address.

Very truly yours,

RICHARD S. MORRIS
Attorney
