Order No. R-2212

80 acres, more or less, which unit shall contain two governmental quarter-quarter sections, or lots, joined by a common bordering side; provided, however, that nothing contained herein shall be construed as prohibiting the drilling of a well on each of the quarter-quarter sections in the unit.

RULE 3. The allowable for all wells in the North Anderson Ranch-Wolfcamp Pool shall be determined by applying the following formula:

$$\begin{aligned} \text{Allowable} &= \left[ \begin{array}{l} \text{Normal unit} \\ \text{for the unit} \end{array} \right] \times \begin{array}{l} \text{40-acre proportional} \\ \text{factor (3.77)} \end{array} \quad + \\ & \left[ \begin{array}{l} \text{Normal unit} \\ \text{Allowable} \end{array} \right] \times \frac{\text{No. of acres in unit} - 40}{40} \end{aligned}$$

RULE 4. The initial well on any 80-acre unit in said pool shall be located on either the NE/4 or the SW/4 of a governmental quarter section, such well to be located no closer than 330 feet to the boundary lines of the quarter-quarter section in which the well is located; except, however, that all wells located south of the common line formed by Townships 15 and 16 South shall be located on either the NW/4 or the SE/4 of a governmental quarter section. Any well drilled in the subject pool prior to the date of this order is hereby granted an exception to the well location requirements of this order.

RULE 5. For good cause shown, the Secretary-Director of the Commission may grant an exception to the requirements of Rule 2 without notice and hearing where the application is for a non-standard unit comprising a single quarter-quarter section or lot. All operators offsetting the proposed non-standard unit shall be notified of the application by registered or certified mail, and the application shall state that such notice has been furnished. The Secretary-Director of the Commission may approve the application if, after a period of 30 days, no offset operator has entered an objection to the formation of such non-standard unit.

The allowable assigned to any such non-standard unit shall bear the same ratio to a standard allowable in the North Anderson Ranch-Wolfcamp Pool as the acreage in such non-standard unit bears to 80 acres.

(4) That jurisdiction of this cause is retained for the entry of such further orders as the Commission may deem necessary.
