Mr. A. L. Porter, Jr., Secretary  
New Mexico Oil Conservation Commission  
Post Office Box 1721  
Santa Fe, New Mexico

Dear Mr. Porter:

J. Glenn Turner hereby requests an exception to Rule 112-A I, for administrative approval of the Dual Completion of the Ballard No. 11-15 well, located in Unit "D", Section 15, Township 26 North, Range 9 West, San Juan County, New Mexico. This well has been completed dually in the Angels Peak Gallup (Extension) Pool and the Basin Dakota Pool.

Enclosed is one copy of the Induction Log run on this well together with two copies of "Application for Dual Completion", Diagramatic Sketch of Dual Completion and Plat showing the location on all wells of Applicant's leases and all offset wells on offset leases, together with the names and addresses of offset operators. The offset operators have been notified of this application and have been requested to submit "Waivers" to the Dual Completion of this well. The Packer Leakage test is presently being conducted and will be submitted at such time as it has been completed.

Yours very truly,

*Walter M. Kilgo*
