Los County, New Mexico

Dear Mr. Williard:

In our letter to you of July 18, 1967, we gave the location of our proposed 12,300' Devonian test well and we are writing to change the location slightly in order to comply with the regulations of the New Mexico Oil & Gas Commission. The location will be 990' TWL and 2310' FSL of Section 6, on the legal subdivision described as SW/4 SW/4 Section 6, T-13-S, R-38-E N24M, Los County, New Mexico.

The other suggestions for your participation outlined in our former letter are still offered for your consideration. We sincerely hope you will see your way clear to join us in this venture. If we may provide additional information please advise.

Very truly yours,

V-T PETROLEUM

J. M. Fullinwider
