

BEFORE THE OIL CONSERVATION COMMISSION
OF THE STATE OF NEW MEXICO

IN THE MATTER OF THE HEARING
CALLED BY THE OIL CONSERVATION
COMMISSION OF NEW MEXICO FOR
THE PURPOSE OF CONSIDERING:

CASE No. 4089
Order No. R-3737

APPLICATION OF PAUL M. MERSHON, Jr.,
FOR AN UNORTHODOX GAS WELL LOCATION,
EDDY COUNTY, NEW MEXICO.

ORDER OF THE COMMISSION

BY THE COMMISSION:

This cause came on for hearing at 9 a.m. on March 26, 1969,
at Santa Fe, New Mexico, before Examiner Elvis A. Utz.

NOW, on this 22nd day of April, 1969, the Commission, a
quorum being present, having considered the testimony, the record,
and the recommendations of the Examiner, and being fully advised
in the premises,

FINDS:

(1) That due public notice having been given as required by
law, the Commission has jurisdiction of this cause and the subject
matter thereof.

(2) That the applicant, Paul M. Mershon, Jr., seeks author-
ity to drill a gas well at an unorthodox gas well location in the
Indian Basin-Upper Pennsylvanian Gas Pool 990 feet from the North
line and 990 feet from the East line of Section 21, Township 22
South, Range 23 East, NMPM, Eddy County, New Mexico.

(3) That a standard location for the subject well would
require the well to be located no nearer than 1650 feet to the
outer boundary of the section and no nearer than 330 feet to
any governmental quarter-quarter section line.

(4) That the evidence indicates that approximately 280
acres in the S/2 S/2, the S/2 N/2 S/2, and the S/2 N/2 N/2 S/2
of said Section 21 is not productive of gas from the Upper
Pennsylvanian formation.

-2-

CASE No. 4089

Order No. R-3737

(5) That the evidence indicates that approximately 360 acres in the N/2 and the N/2 N/2 N/2 S/2 of said Section 21 is probably productive of gas from the Upper Pennsylvanian formation.

(6) That the evidence indicates that a well at the proposed unorthodox location in said Section 21 should recover more gas than a well at an orthodox location.

(7) That the correlative rights of some offset operators will be impaired if the entire Section 21 is dedicated to the subject well.

(8) That to offset the advantage to be gained over offset operators by the drilling of a well at the proposed unorthodox location only that acreage in said Section 21 found to be reasonably productive of gas from the Upper Pennsylvanian formation should be dedicated to the subject well.

(9) That approval of the proposed unorthodox location will not violate correlative rights and will afford the applicant the opportunity to produce his just and equitable share of the gas in the Indian Basin-Upper Pennsylvanian Gas Pool, will prevent the economic loss caused by the drilling of unnecessary wells, avoid the augmentation of risk arising from the drilling of an excessive number of wells, and otherwise prevent waste, provided no more than 360 acres is dedicated to the subject well.

IT IS THEREFORE ORDERED:

(1) That the applicant, Paul M. Marshon, Jr., is hereby authorized to drill a gas well at an unorthodox gas well location in the Indian Basin-Upper Pennsylvanian Gas Pool 990 feet from the North line and 990 feet from the East line of Section 21, Township 22 South, Range 23 East, NMPM, Eddy County, New Mexico;

PROVIDED HOWEVER, that no more than 360 acres shall be dedicated to said well, being the N/2 and the N/2 N/2 N/2 S/2 of said Section 21.

(2) That jurisdiction of this cause is retained for the entry of such further orders as the Commission may deem necessary.

-3-

CASE No. 4089

Order No. R-3737

DONE at Santa Fe, New Mexico, on the day and year hereinabove designated.

BEFORE THE OIL CONSERVATION COMMISSION
OF THE STATE OF NEW MEXICO

IN THE MATTER OF THE HEARING
CALLED BY THE OIL CONSERVATION
COMMISSION OF NEW MEXICO FOR
THE PURPOSE OF CONSIDERING:

CASE No. 4083
Order No. R-3736

APPLICATION OF PAUL M. MERSHON, Jr.,
FOR COMPULSORY POOLING, EDDY COUNTY,
NEW MEXICO.

ORDER OF THE COMMISSION

BY THE COMMISSION:

This cause came on for hearing at 9 a.m. on March 26, 1969,
at Santa Fe, New Mexico, before Examiner Elvis A. Utz.

NOW, on this 22nd day of April, 1969, the Commission, a
quorum being present, having considered the testimony, the record,
and the recommendations of the Examiner, and being fully advised
in the premises,

FINDS:

(1) That due public notice having been given as required by
law, the Commission has jurisdiction of this cause and the subject
matter thereof.

(2) That the applicant, Paul M. Mershon, Jr., seeks an order
pooling all mineral interests in the Upper Pennsylvanian formation
underlying Section 21, Township 22 South, Range 23 East, NMPM,
Eddy County, New Mexico.

(3) That the applicant has the right to drill and proposes
to drill a well at an unorthodox location 990 feet from the North
line and 990 feet from the East line of said Section 21 to the
Indian Basin-Upper Pennsylvanian Gas Pool.

(4) That there are interest owners in the proposed proration
unit who have not agreed to pool their interests.

(5) That the evidence indicates that approximately 280
acres in the S/2 S/2, the S/2 N/2 S/2, and the S/2 N/2 N/2 S/2

-2-

CASE No. 4088

Order No. R-3736

of said Section 21 is not productive of gas from the Upper Pennsylvanian formation.

(6) That the evidence indicates that approximately 360 acres in the N/2 and the N/2 N/2 N/2 S/2 of said Section 21 is probably productive of gas from the Upper Pennsylvanian formation.

(7) That to avoid the drilling of unnecessary wells, to protect correlative rights, and to afford to the owner of each interest in the N/2 and the N/2 N/2 N/2 S/2 of said Section 21 the opportunity to recover or receive without unnecessary expense his just and fair share of the gas in said pool, all mineral interests, whatever they may be in the Indian Basin-Upper Pennsylvanian Gas Pool, underlying the N/2 and the N/2 N/2 N/2 S/2 of said Section 21 should be pooled.

(8) That the applicant should be designated the operator of the subject well and unit.

(9) That any non-consenting working interest owner should be afforded the opportunity to pay his share of estimated well costs to the operator in lieu of paying his share of reasonable well costs out of production.

(10) That any non-consenting working interest owner that does not pay his share of estimated well costs should have withheld from production his share of the reasonable well costs plus an additional 25% thereof as a reasonable charge for the risk involved in the drilling of the well.

(11) That any non-consenting interest owner should be afforded the opportunity to object to the actual well costs but that said actual well costs should be adopted as the reasonable well costs in the absence of such objection.

(12) That following determination of reasonable well costs, any non-consenting working interest owner that has paid his share of estimated costs should pay to the operator any amount that reasonable well costs exceed estimated well costs and should receive from the operator any amount that paid estimated well costs exceed reasonable well costs.

(13) That \$100 per month should be fixed as a reasonable charge for supervision for the subject well; that the operator should be authorized to withhold from production the proportionate

-3-

CASE No. 4088

Order No. R-3736

share of such supervision charge attributable to each non-consenting working interest, and in addition thereto, the operator should be authorized to withhold from production the proportionate share of actual expenditures required for operating the subject well, not in excess of what are reasonable, attributable to each non-consenting working interest.

(14) That all proceeds from production from the subject well which are not disbursed for any reason should be placed in escrow to be paid to the true owner thereof upon demand and proof of ownership.

IT IS THEREFORE ORDERED:

(1) That all mineral interests, whatever they may be, in the Indian Basin-Upper Pennsylvanian Gas Pool underlying the N/2 and the N/2 N/2 N/2 S/2 of Section 21, Township 22 South, Range 23 East, NMPM, Eddy County, New Mexico, are hereby pooled to form a 360-acre gas proration unit to be dedicated to a well to be drilled at an unorthodox gas well location 990 feet from the North line and 990 feet from the East line of said Section 21.

(2) That Paul M. Mershon, Jr., is hereby designated the operator of the subject well and unit.

(3) That the operator shall furnish the Commission and each known working interest owner in the subject unit an itemized schedule of estimated well costs within 30 days following the date of this order.

(4) That within 30 days from the date the schedule of estimated well costs is furnished to him, any non-consenting working interest owner shall have the right to pay his share of estimated well costs to the operator in lieu of paying his share of reasonable well costs out of production, and that any such owner who pays his share of estimated well costs as provided above shall remain liable for operating costs but shall not be liable for risk charges.

(5) That the operator shall furnish the Commission and each known working interest owner in the subject unit an itemized schedule of actual well costs within 30 days following completion of the well; that if no objection to the actual well costs is received by the Commission, and the Commission has not objected

-4-

CASE No. 4088
Order No. R-3736

within 60 days following completion of the well, the actual well costs shall be the reasonable well costs; provided however, that if there is an objection to actual well costs within said 60-day period, the Commission will determine reasonable well costs after public notice and hearing.

(6) That within 30 days following determination of reasonable well costs, any non-consenting working interest owner that has paid his share of estimated costs in advance as provided above shall pay to the operator his pro rata share of the amount that reasonable well costs exceed estimated well costs and shall receive from the operator his pro rata share of the amount that estimated well costs exceed reasonable well costs.

(7) That the operator is hereby authorized to withhold the following costs and charges from production:

(A) The pro rata share of reasonable well costs attributable to each non-consenting working interest owner who has not paid his share of estimated well costs within 30 days from the date the schedule of estimated well costs is furnished to him.

(B) As a charge for the risk involved in the drilling of the well, 25% of the pro rata share of reasonable well costs attributable to each non-consenting working interest owner who has not paid his share of estimated well costs within 30 days from the date the schedule of estimated well costs is furnished to him.

(8) That the operator shall distribute said costs and charges withheld from production to the parties who advanced the well costs.

(9) That \$100 per month is hereby fixed as a reasonable charge for supervision for the subject well; that the operator is hereby authorized to withhold from production the proportionate share of such supervision charge attributable to each non-consenting working interest, and in addition thereto, the operator is hereby authorized to withhold from production the proportionate share of actual expenditures required for operating the subject well, not in excess of what are reasonable, attributable to each non-consenting working interest.

-5-

CASE No. 4088
Order No. R-3736

(10) That any unsevered mineral interest shall be considered a seven-eighths (7/8) working interest and a one-eighth (1/8) royalty interest for the purpose of allocating costs and charges under the terms of this order.

(11) That any well costs or charges which are to be paid out of production shall be withheld only from the working interests' share of production, and no costs or charges shall be withheld from production attributable to royalty interests.

(12) That all proceeds from production from the subject well which are not disbursed for any reason shall be placed in escrow in Eddy County, New Mexico, to be paid to the true owner thereof upon demand and proof of ownership; that the operator shall notify the Commission of the name and address of said escrow agent within 90 days from the date of this order.

(13) That jurisdiction of this cause is retained for the entry of such further orders as the Commission may deem necessary.

DONE at Santa Fe, New Mexico, on the day and year hereinabove designated.

BEFORE THE OIL CONSERVATION COMMISSION
OF THE STATE OF NEW MEXICO

IN THE MATTER OF THE HEARING
CALLED BY THE OIL CONSERVATION
COMMISSION OF NEW MEXICO FOR
THE PURPOSE OF CONSIDERING:

CASE No. 4088
Order No. R-3736-A

APPLICATION OF PAUL M. MERSHON, Jr.,
FOR COMPULSORY POOLING, EDDY COUNTY,
NEW MEXICO.

ORDER OF THE COMMISSION

BY THE COMMISSION:

This cause came on for hearing de novo at 8 a.m. on June 26, 1969, at Santa Fe, New Mexico, before the Oil Conservation Commission of New Mexico, hereinafter referred to as the "Commission."

NOW, on this 15th day of July, 1969, the Commission, a quorum being present, having considered the testimony presented and the exhibits received at said hearing, and being fully advised in the premises,

FINDS:

(1) That due public notice having been given as required by law, the Commission has jurisdiction of this cause and the subject matter thereof.

(2) That the applicant, Paul M. Mershon, Jr., seeks an order pooling all mineral interests in the Upper Pennsylvanian formation underlying Section 21, Township 22 South, Range 23 East, NMPM, Eddy County, New Mexico.

(3) That the applicant has the right to drill and proposes to drill a well at an unorthodox location 990 feet from the North line and 990 feet from the East line of said Section 21 to the Indian Basin-Upper Pennsylvanian Gas Pool.

(4) That there are interest owners in the proposed proration unit who have not agreed to pool their interests.

(5) That the evidence indicates that approximately 280 acres in the S/2 S/2, the S/2 N/2 S/2, and the S/2 N/2 N/2 S/2

-2-

CASE No. 4088

Order No. R-3736-A

of said Section 21 is not productive of gas from the Upper Pennsylvanian formation.

(6) That the evidence indicates that approximately 360 acres in the N/2 and the N/2 N/2 N/2 S/2 of said Section 21 is probably productive of gas from the Upper Pennsylvanian formation.

(7) That to avoid the drilling of unnecessary wells, to protect correlative rights, and to afford to the owner of each interest in the N/2 and the N/2 N/2 N/2 S/2 of said Section 21 the opportunity to recover or receive without unnecessary expense his just and fair share of the gas in said pool, all mineral interests, whatever they may be in the Indian Basin-Upper Pennsylvanian Gas Pool, underlying the N/2 and the N/2 N/2 N/2 S/2 of said Section 21 should be pooled.

(8) That the applicant should be designated the operator of the subject well and unit.

(9) That any non-consenting working interest owner should be afforded the opportunity to pay his share of estimated well costs to the operator in lieu of paying his share of reasonable well costs out of production.

(10) That any non-consenting working interest owner that does not pay his share of estimated well costs should have withheld from production his share of the reasonable well costs plus an additional 25% thereof as a reasonable charge for the risk involved in the drilling of the well.

(11) That any non-consenting interest owner should be afforded the opportunity to object to the actual well costs but that said actual well costs should be adopted as the reasonable well costs in the absence of such objection.

(12) That following determination of reasonable well costs, any non-consenting working interest owner that has paid his share of estimated costs should pay to the operator any amount that reasonable well costs exceed estimated well costs and should receive from the operator any amount that paid estimated well costs exceed reasonable well costs.

(13) That \$100 per month should be fixed as a reasonable charge for supervision for the subject well; that the operator should be authorized to withhold from production the proportionate

-3-

CASE No. 4088

Order No. R-3736-A

share of such supervision charge attributable to each non-consenting working interest, and in addition thereto, the operator should be authorized to withhold from production the proportionate share of actual expenditures required for operating the subject well, not in excess of what are reasonable, attributable to each non-consenting working interest.

(14) That all proceeds from production from the subject well which are not disbursed for any reason should be placed in escrow to be paid to the true owner thereof upon demand and proof of ownership.

IT IS THEREFORE ORDERED:

(1) That all mineral interests, whatever they may be, in the Indian Basin-Upper Pennsylvanian Gas Pool underlying the N/2 and the N/2 N/2 N/2 S/2 of Section 21, Township 22 South, Range 23 East, NMPM, Eddy County, New Mexico, are hereby pooled to form a 360-acre gas proration unit to be dedicated to a well to be drilled at an unorthodox gas well location 990 feet from the North line and 990 feet from the East line of said Section 21.

(2) That Paul M. Mershon, Jr., is hereby designated the operator of the subject well and unit.

(3) That the operator shall furnish the Commission and each known working interest owner in the subject unit an itemized schedule of estimated well costs within 30 days following the date of this order.

(4) That within 30 days from the date the schedule of estimated well costs is furnished to him, any non-consenting working interest owner shall have the right to pay his share of estimated well costs to the operator in lieu of paying his share of reasonable well costs out of production, and that any such owner who pays his share of estimated well costs as provided above shall remain liable for operating costs but shall not be liable for risk charges.

(5) That the operator shall furnish the Commission and each known working interest owner in the subject unit an itemized schedule of actual well costs within 30 days following completion of the well; that if no objection to the actual well costs is received by the Commission, and the Commission has not objected

-4-

CASE No. 4088

Order No. R-3736-A

within 60 days following completion of the well, the actual well costs shall be the reasonable well costs; provided however, that if there is an objection to actual well costs within said 60-day period, the Commission will determine reasonable well costs after public notice and hearing.

(6) That within 30 days following determination of reasonable well costs, any non-consenting working interest owner that has paid his share of estimated costs in advance as provided above shall pay to the operator his pro rata share of the amount that reasonable well costs exceed estimated well costs and shall receive from the operator his pro rata share of the amount that estimated well costs exceed reasonable well costs.

(7) That the operator is hereby authorized to withhold the following costs and charges from production:

(A) The pro rata share of reasonable well costs attributable to each non-consenting working interest owner who has not paid his share of estimated well costs within 30 days from the date the schedule of estimated well costs is furnished to him.

(B) As a charge for the risk involved in the drilling of the well, 25% of the pro rata share of reasonable well costs attributable to each non-consenting working interest owner who has not paid his share of estimated well costs within 30 days from the date the schedule of estimated well costs is furnished to him.

(8) That the operator shall distribute said costs and charges withheld from production to the parties who advanced the well costs.

(9) That \$100 per month is hereby fixed as a reasonable charge for supervision for the subject well; that the operator is hereby authorized to withhold from production the proportionate share of such supervision charge attributable to each non-consenting working interest, and in addition thereto, the operator is hereby authorized to withhold from production the proportionate share of actual expenditures required for operating the subject well, not in excess of what are reasonable, attributable to each non-consenting working interest.

-5-

CASE No. 4088

Order No. R-3736-A

(10) That any unsevered mineral interest shall be considered a seven-eighths (7/8) working interest and a one-eighth (1/8) royalty interest for the purpose of allocating costs and charges under the terms of this order.

(11) That any well costs or charges which are to be paid out of production shall be withheld only from the working interests' share of production, and no costs or charges shall be withheld from production attributable to royalty interests.

(12) That all proceeds from production from the subject well which are not disbursed for any reason shall be placed in escrow in Eddy County, New Mexico, to be paid to the true owner thereof upon demand and proof of ownership; that the operator shall notify the Commission of the name and address of said escrow agent within 90 days from the date of this order.

(13) That jurisdiction of this cause is retained for the entry of such further orders as the Commission may deem necessary.

DONE at Santa Fe, New Mexico, on the day and year hereinabove designated.
