PACKER-SETTING AFFIDAVIT  
(Dual Completions)

STATE OF New Mexico )  
County of San Juan ) ss

Ed Lucero, being first duly sworn according to law, upon his oath deposes and says:

That he is of lawful age and has full knowledge of the facts herein below set out.

That he is employed by IME Tool & Supply Company in the capacity of Tool Services Supervisor and as such is its authorized agent.

That on October 4, 1963, he personally supervised the setting of a Coastal Sealing Gun Packer in Coastal Sealing Gun Producing Company's (Make and Type of Packer) (Operator)

IME Tool & Supply Company Well No. 1, located in Unit (lease) Letter F, Section 20, Township 17, Range 36, NMPM, San Juan County, New Mexico.

That said packer was set at a subsurface depth of 9275.46 feet, said depth measurement having been furnished by IME Tool & Supply Company.

That the purpose of setting this packer was to effect a seal in the annular space between the two strings of pipe where the packer was set so as to prevent the commingling, within the well-bore, of fluids produced from a stratum below the packer with fluids produced from a stratum above the packer. That this packer was properly set and that it did, when set, effectively and absolutely seal off the annular space between the two strings of pipe where it was set in such manner as that it prevented any movement of fluids across the packer.
