

CASE 3282: Application of Continental Oil Company for a special allowable, Lea County, New Mexico. Applicant, in the above-styled cause, seeks the assignment of a special allowable to wells on its Eaves "B" Lease in Section 31, Township 26 South, Range 37 East, Jalmat Pool, Lea County, New Mexico, which allowable would permit equalized per-acre withdrawal rates from applicant's wells (on 40-acre spacing) to the per-acre withdrawal rates from 20-acre wells located immediately south of said Eaves "B" Lease in the Scarborough Pool, Winkler County, Texas. In the alternative, applicant seeks the designation of a separate new pool for Yates production for said Section 31, and the establishment of a procedure whereby special pool allowables would be assigned to effect such equalized per-acre withdrawals.
