Re: Request for Termination of the  
Mescal Wash Unit Agreement,  
Eddy County, New Mexico.

Gentlemen:

January 12, 1966 is the date for the required filing of a Plan of Further Development on the Mescal Wash Unit Agreement. The working interest owners have collectively agreed to request termination of the Unit Agreement inasmuch as no reasonable proposal for further drilling on the unit exists.

Transmitted herewith are counterparts of a Request for Termination executed by all working interest owners except Sun Oil Company which owns less than a 2% interest. In the hope that sufficient file copies will be transmitted, five copies are being sent to the Supervisor, two copies to the Commissioner and one copy of each counterpart to the Commission.

The purpose for requesting the termination be made effective as of February 1, 1966 is to facilitate the rental

calculations for those Federal leases which, under the law, are entitled to a two year extension as a result of the termination of the unit.
