Subject: Exception to Statewide "No Pit" Order  
Pan American's Lusk "A" Lease  
Double "L" Field  
Chaves County, New Mexico

New Mexico Oil Conservation Commission (3)  
Post Office Box 871  
Santa Fe, New Mexico 87501

*Case 4376*  
*YAA*

Gentlemen:

Pan American Petroleum Corporation respectfully requests that a hearing be docketed to consider our application for an exception to Rule R-3221, which prohibits surface disposal of oil field brines. We are requesting this exception for our Lusk "A" lease in the Double "L" Field, Chaves County, New Mexico.

The Lusk "A" lease currently has two producing wells (Wells No. 1 and 2) and we are currently drilling Well No. 3. Recent tests indicate Well No. 1 to be producing approximately 4 BWPD and Well No. 2 is producing approximately 8 BWPD.

Lusk "A" lease covers the NE/4 of Section 6, T14S, R30E. The pit which would serve this lease is to be located in Unit "B".

By your Order No. R-3865, October, 1969, Dalport Oil Corporation was granted an exception to the "No Pit" order for their Amco Federal No. 2 located in the SW/4 of the NW/4 Section 31 T14S, R30E, Chaves County, New Mexico.

Yours very truly,

*D. L. Ray*
