Re: Case No. 5117 North Dagger  
Draw-Upper Penn Pool

Gentlemen:

The above case appears on the examiner's docket for February 2. Roger Hanks has contacted us and requested that we make application for continuance of this case until the first examiner's hearing in March.

We have previously requested the continuance of Case No. 5048 relating to the South Dagger Draw Upper Pennsylvanian Associated Pool to the first examiner's hearing in March.

Mr. Hanks is conducting bottom hole pressure tests for both the North and South Dagger Draw areas but these will not be completed until some time in February. Because of this situation Mr. Hanks would like to have both cases set down for hearing at the first examiner's hearing in March. Please consider this as a motion for such continuance. Unless we hear from you to the contrary, Mr. Hanks does not plan to be present at the hearing on February 2.

Yours very truly,

HINKLE, COX, EATON, COFFIELD & HENSLEY
