RE: Fulfer Oil and Cattle Co. LLC  
Brown #5 SWD

Mr. Catanach:

As we discussed, my client, Fulfer Oil and Cattle Co. LLC of Jal, NM, would like to convert its Brown #5 well located in Section 25, Tws. 25, Rng. 36 E., from an on-lease SWD to a commercial disposal. The well has already been approved under R-5196. Fulfer will follow all applicable rules and regulations pertaining to this facility. Find within water chemistry for water which will be disposed at the facility.

If you have any questions or need additional information, please call.

Sincerely,

Eddie W. Seay, Agent
