a more gradual decline had been noted in some of these wells. There is still more drilling to be done in there. fact, is drilling just south of that Jones Lease. drilling right now, so, there is still somemore drilling to be done.

But to answer your question, I would say within the next three or four years there will be a waterflood in there.

At the location of your proposed disposal pit, which Q. way does the land surface slope?

Let's see, at that pit, let me think about the tank, it would be to the south, to the south or southwesterly.

MR. STAMETS: Any other questions of the witness? He may be excused.

(THEREUPON, the witness was excused.)

MR. CHRISTY: As amended by the witness, we would now offer Applicant's Exhibits A and B.

> MR. STAMETS: Exhibits A and B will be admitted.

(THEREUPON, Applicant's Exhibits A and
