Re: Application of Yates Petroleum Corporation for Compulsory Pooling, Eddy
County, New Mexico

Dear Mr. Gendron:

This letter is to advise you that Yates Petroleum Corporation has filed the enclosed Application with the New Mexico Oil Conservation Division seeking the force pooling of certain mineral interests in all formations to the base of the Canyon formation, in and under the NE/4 of Section 29, Township 19 South, Range 25 East, N.M.P.M., Eddy County, New Mexico. Yates Petroleum Corporation proposes to dedicate the referenced pooled unit to its Bringer "AKU" Well No. 1 to be drilled at an orthodox location 660 feet from the North line and 1980 feet from the East line of Section 29, to a depth of approximately 8300 feet, more or less, to test the Canyon formation.

This application has been set for hearing before a Division Examiner on February 18, 1993. You are not required to attend this hearing, but as an owner of an interest that may be subject to pooling, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.

Parties appearing in cases have been requested by the Division (Memorandum 2-90) to file a Prehearing Statement substantially in the form prescribed by the Division. Prehearing statements should be filed by 4:00 o'clock p.m. on the Friday before a scheduled hearing.

Very truly yours,

Re: Application of Yates Petroleum Corporation for Compulsory Pooling, Eddy
County, New Mexico

Gentlemen:

This letter is to advise you that Yates Petroleum Corporation has filed the enclosed Application with the New Mexico Oil Conservation Division seeking the force pooling of certain mineral interests in all formations to the base of the Canyon formation, in and under the NE/4 of Section 29, Township 19 South, Range 25 East, N.M.P.M., Eddy County, New Mexico. Yates Petroleum Corporation proposes to dedicate the referenced pooled unit to its Bringer "AKU" Well No. 1 to be drilled at an orthodox location 660 feet from the North line and 1980 feet from the East line of Section 29, to a depth of approximately 8300 feet, more or less, to test the Canyon formation.

This application has been set for hearing before a Division Examiner on February 18, 1993. You are not required to attend this hearing, but as an owner of an interest that may be subject to pooling, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.

Parties appearing in cases have been requested by the Division (Memorandum 2-90) to file a Prehearing Statement substantially in the form prescribed by the Division. Prehearing statements should be filed by 4:00 o'clock p.m. on the Friday before a scheduled hearing.

Very truly yours,

WILLIAM F. CARR
