**Section 21: SW/4**

Ladies and Gentlemen:

Yates Petroleum Corporation hereby proposes drilling the Hooper 'AMP' #1 well. The location will be 670' FSL and 660' FWL of Section 21, Township 19 South-Range 25 East, Eddy County, New Mexico. Said well will be drilled to approximately 8,300' to test the Canyon formation. We invite you to join with us in drilling this well. Accordingly our AFE, in duplicate, and Operating Agreement, with extra signature page, are enclosed for your review and execution. Please sign and return one copy of the AFE and the extra signature page to the Operating Agreement.

If you are not interested in participating in the drilling of this well, we invite you to farmout your interest, retaining an overriding royalty interest equal to the difference between existing burdens and 25% until payout with the option of converting retained overriding royalty to a 25% working interest after payout, all subject to proportionate reduction.

Please review and let us know of your decision. We would like to begin drilling in early March, 1993.

Thank you.

Very truly yours,
