Dear Mr. Carr:

Based upon the reasons stated in your letter of November 8, 1994, and in accordance with the provisions of Division Order No. R-9896, Yates Petroleum Corporation is hereby granted a further extension of time until May 15, 1995, in which to commence injection operations in the waterflood project approved by said order.

Sincerely,

A handwritten signature in black ink, appearing to read "William J. Lemay", with a long, sweeping underline that extends to the right and then curves down.

Re: Oil Conservation Division Case No. 10711:
Application of Yates Petroleum Corporation for approval of a Waterflood
Project, Eddy County, New Mexico

Dear Mr. LeMay:

On May 18, 1993, the Division entered Order No. R-9896 in the above-referenced case granting the application of Yates Petroleum Corporation to institute a waterflood project in its Creek "AL" Federal Lease. Order Paragraph 15 provides that the injection authority granted by this Order will terminate one year after the effective date of Order No. R-9896 (May 18, 1994), if injection operations have not been commenced by that time unless the Division has granted an extension of this Order for good cause shown upon written request of the operator. On April 14 of this year, Yates requested and received an extension of this Order through November 15, 1994.

Yates Petroleum Corporation plans to implement this waterflood project and is cooperating with Hanson Operating Company, Inc. to implement Hanson's adjoining Benson Shugart Waterflood Unit Project. While recent oil prices made it imprudent to implement waterflood operations on the Creek "AL" Federal Lease, Yates has decided to go forward with this project during the next six months. Accordingly, pursuant to the provisions of Order Paragraph No. 15 of Order No. R-9896, Yates Petroleum Corporation hereby requests an extension of the time within which to commence injection operations pursuant to this Order through May 15, 1995.

Dear Steve:

As usual it was good getting back to Midland and visiting with old friends and feeling the pulse of Permian Basin activity. In regard to your request for written material on my talk, I regret that I do not have any -- only notes. Sorry. Thanks again for the invite.

Sincerely,

A handwritten signature in cursive script, appearing to read "Bill", written in black ink.

Dear Bill:

Our 1994 Environmental Seminar was a great success; and to a very large extent that success was because of you! Thank you very much for your participation and your willingness to fit "environmental needs" into your busy schedule. Your message was excellent!

We have had many requests for your talk. If you are willing to allow the attendees to have it (and you already have something in writing prepared) please mail us a copy that can be reproduced and we will mail it for you.

Again, thank you for being a part of the "Permian Basin Environmental Conference '94 Solutions to Regulations."

Very truly yours,

Steve Hartmann
Director, University Lands
West Texas Operations
