Attention: Kirk Ross

Administrative Order NSL-3407

Dear Mr. Ross:

Reference is made to your application letters dated April 18 and June 20, 1994 for a non-standard gas well location for McGruder Hill "12" Federal Com Well No. 1 to be drilled 1680 feet from the South line and 330 feet from the West line (Unit L) of Section 12, Township 22 South, Range 25 East, NMPM, to test the entire Pennsylvanian Group, Eddy County, New Mexico. The S/2 of said Section 12 shall be dedicated to the well forming a standard 320-acre gas spacing and proration unit.

By the authority granted me under the provisions of General Rule 104.F(1) and (2), the above-described unorthodox gas well location is hereby approved.

Sincerely,

A handwritten signature in black ink, appearing to read "William J. LeMay". The signature is fluid and cursive, with a long, sweeping underline that extends to the right.
