Re: Application of Benson-Montin-Greer Drilling Corp. for
Downhole Commingling, Rio Arriba County, New Mexico

Gentlemen:

This letter is to advise you that Benson-Montin-Greer Drilling Corp. has filed an application with the New Mexico Oil Conservation Division seeking authority to downhole commingle production from the Mancos and Dakota formations in the wellbore of its COU F-20 Well located in Section 20, Township 26 North, Range 1 West, N.M.P.M., Rio Arriba County, New Mexico.

This application has been set for hearing before a Division Examiner on December 7, 1988. You are not required to attend this hearing but since this involves a Federal lease, you may have an interest in this matter. Failure to appear at that time and become a party of record will preclude you from challenging the application at a later date.

Very truly yours,

WILLIAM F. CARR
