Re: Application of Amerind Oil Company for Compulsory
Pooling, Lea County, New Mexico

Gentlemen:

This letter is to advise you that Amerind Oil Company has filed an application with the New Mexico Oil Conservation Division seeking the force pooling of all mineral interests from the surface to the base of the Strawn formation, in and under the S/2 NW/4 of Section 29, Township 16 South, Range 37 East, N.M.P.M., Lea County, New Mexico. Amerind Oil Company proposes to dedicate the referenced pooled unit to a well to be located at a standard location in Section 29 and drilled at a legal location in the SW/4 NW/4 of said Section 29, to a depth of approximately 11,400 feet to test all formations to the base of the Strawn formation.

This application has been set for hearing before a Division Examiner on January 4, 1989. You are not required to attend this hearing, but as an owner of an interest that may be subject to pooling, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging this application at a later date.

Very truly yours,

WILLIAM F. CARR
